Tequipment Boxster

Accessories for the Boxster model range

Tequipment

Our engineers and designers are said to be in love with detail. Don't they say that about you as well?

Its origins go back to the 1950s. Its predecessors include the Porsche 550 Spyder from 1953 and the Porsche 718 from the early 1960s. In 1993, its prototype was already attracting attention. Since 1996, it has been conquering the roads – and the hearts of Porsche enthusiasts. We are talking about the Boxster, the sportscar amongst roadsters. With its powerful mid-mounted engine, more than anything it delivers pure driving enjoyment. Typically Porsche.

Just like the products from Porsche Tequipment. These are not just individual accessories, they are part of a grander harmonious concept. A vision of a Boxster with even more character and even greater sports performance.

Each product not only has to be visually appealing, it also has to be

technically compatible. That is why all the model-specific products in the Tequipment range have been developed, tested and formulated with the complete vehicle in mind. By the same Porsche engineers and designers who create the cars.

All this takes place primarily at the Porsche Development Centre in Weissach. Every product undergoes exhaustive testing throughout its development to ensure outstanding performance and durability. This is because they have to meet the highest standards of Porsche quality and functionality.

One of the highlights of the range is the SportDesign package. Designed to make your Boxster even more impressive. The package includes a front apron with spoiler lips and an extending rear

spoiler that is visible even when retracted. All of the parts have been perfected in the wind tunnel at the Porsche Development Centre in Weissach and precisely matched to each other. The result is an almost perfect balancing of your vehicle. The SportDesign package therefore not only makes the car look even more sporty, it also improves performance. This is demonstrated by the reduction in lift on the front and rear axles – without affecting the drag coefficient.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

You can find out more about the Porsche Tequipment range at www.porsche.com.

From the SportDesign package to optional alloy wheels. Whatever you choose, your decision will be a reflection of your sporty style.		Want to push the performance concept to the very limit? Welcome to the high-performance club.		Personalise the interior. Classic, pure or sporty. Audio and communication included.		Intelligent transport solutions, Porsche child seats and care products for your car.		This page provides a brief insight into the world of Porsche.	
								Index	54

Exterior

**There are two things you know at first sight.
It's a Porsche. And it's your Porsche.**

The Boxster. Clean lines, yet full of character. Powerful, yet elegant. Suitable for everyday use, yet uncompromisingly sporty. Unmistakably Porsche. And immediately recognisable as your Porsche.

SportDesign package

Exterior package in matt Aluminium Look with decorative side logo

SportDesign package

The SportDesign package includes a front apron with additional spoiler lips and an automatically extending rear spoiler that is visible even when retracted. It emphasises the sporty look of the Boxster model range and reduces lift.

Please note that ground clearance is reduced. Front apron and rear spoiler must be installed together for aerodynamic reasons.

Exterior package in matt Aluminium Look

This package consists of slats on the front air intake grilles (left/right) and on the side air intake grilles. All parts are finished in matt Aluminium Look to emphasise the racing heritage of the Boxster models.

Exterior mirror lower trims in matt Aluminium Look

Like you, we pay maximum attention to every detail. That includes the individual touches, for example, the matt Aluminium Look trims on the lower section of the exterior mirror covers.

Decorative side logo

One of the first models with the decorative Porsche logo on the side was the legendary

911 Carrera RS 2.7 in 1972. This original lettering now adorns the flanks of the 911 GT3 RS models. Why not be part of the legend?

Decorative side logo available in selected colours: 'Boxster' and 'Boxster S'.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

Exterior mirror lower trims in matt Aluminium Look

Wheels

We certainly couldn't develop our wheels with less dedication than has been given to the Boxster itself.

The wheel was invented around 6,000 years ago, but developing it to perfection has taken until more recent times. The wheels in the Porsche Tequipment range deliver excellent performance – and an

extremely comfortable ride. Providing greater safety, as well as giving an extremely dynamic appearance to your Boxster.

19-inch Carrera Sport wheels with summer tyres

Classic 10-spoke alloy design. Wider dimensions at front and rear (8.5 and 10 inches, respectively)

19-inch 911 Turbo II wheels with summer tyres

These forged alloy wheels with summer tyres are both imposing and dynamic-looking. The reduction in unsprung masses makes an important contribution to driving stability.

19-inch 911 Turbo wheels with summer tyres

Forged aluminium alloy wheel with lightweight five-spoke design. The distinctive two-tone finish brings additional character.

19-inch Carrera Sport wheels with summer tyres

19-inch 911 Turbo II wheels with summer tyres

19-inch 911 Turbo wheels with summer tyres

19-inch SportDesign wheels with summer tyres

19-inch SportDesign wheels with summer tyres

Derived from the world of Porsche motorsport, this powerful 19-inch multi-spoke wheel design has a firm place on the racetrack.

19-inch SportDesign wheels in a black high-gloss finish with summer tyres

An eye-catching superior 19-inch SportDesign wheel in a black

high-gloss finish, including black-painted wheel centres with full-colour Porsche Crest.

19-inch Carrera Classic wheels with summer tyres

Elegantly sculpted alloy wheel with classic Porsche five-spoke design. The large wheel openings provide a clear view of the Porsche brake system.

19-inch Carrera S II wheels with summer tyres

The design of the 19-inch Carrera S II wheel is as sporty as it is powerful. It speaks a language which suits your Porsche completely.

19-inch SportDesign wheels in a black high-gloss finish with summer tyres

19-inch Carrera Classic wheels with summer tyres

19-inch Carrera S II wheels with summer tyres

18-inch Boxster S II wheels with summer or winter tyres

18-inch Boxster S II wheels with summer or winter tyres

18-inch Boxster S II wheels with five closed twin spokes. Whether fitted with winter tyres for excellent traction in wintry weather conditions or with summer tyres, these wheels suit the Boxster perfectly.

18-inch Cayman S II wheels with summer or winter tyres

One-piece five-spoke alloy wheels. When fitted with winter tyres, they ensure excellent traction even in wintry weather conditions.

17-inch Boxster III wheels with winter tyres

One-piece alloy wheel with striking design comprising five dual-arm spokes. Provides excellent cold-weather traction in conjunction with winter tyres.

17-inch Cayman II wheels with winter tyres

Five-spoke wheels in a sporty design. With winter tyres they provide better traction at low temperatures.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

See pages 16 to 19 for wheel and tyre specifications.

■ Compatible
 – Not compatible
¹ Optional: Use of 5-mm spacers on front and rear axles to widen track.

The wheel centres shown are not included, except in the case of the 19-inch SportDesign wheels in a black high-gloss finish. If your vehicle documents do not contain details of the wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (NO, N1, etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

Note on the use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest standards of active safety from your Boxster. All winter tyres approved by Porsche are identified by an ‘N’ designation on the sidewall.

- Compatible
- Not compatible
- ¹ Optional: Use of 5-mm spacers on front and rear axles to widen track.
- ² Winter tyres up to max. 240 km/h.

The wheel centres shown are not included, except in the case of the 19-inch SportDesign wheels in a black high-gloss finish. If your vehicle documents do not contain details of the wheel and tyre combination, please request a technical approval certificate from your Porsche Centre.

Snow chains

Snow chains

Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.

Not compatible with wheel spacers.

Wheel centres

Set of wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for any Boxster wheel.

For 19-inch Carrera Sport wheel in a GT Silver Metallic finish.

For 19-inch 911 Turbo II wheel in a titanium-coloured paint finish.

For 19-inch 911 Turbo wheel with monochrome Porsche Crest.

For 19-inch SportDesign wheel in a black high-gloss finish with full-colour Porsche Crest.

Wheel bolts in black

Set of 20 wheel bolts, including 4 with highly secure locking system. Available in two different versions for vehicles with and without 5-mm spacers.

Anti-theft wheel protection

Set of four steel bolts with highly secure locking system.

Crested valve caps

Silver-coloured valve caps with embossed Porsche Crest.

Spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Boxster will look even sportier, as the wheels run virtually flush with the body of the car.

Not compatible with the 19-inch Carrera Sport wheels, the 19-inch Boxster Spyder wheels (standard on the Boxster Spyder) or snow chains.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

Performance

Just taking part is never enough.

Since the very first Porsche, we have been continuously improving the performance of our cars. Why should we stop now? The knowledge gained from winning over 28,000 races to date has also benefited our production cars. For

example, by being one millisecond faster or producing an even more resonant sound and providing greater driving enjoyment. Thanks to the sports exhaust system or the sports tailpipe from Porsche Tequipment.

Sports bucket seat

Sports bucket seat

With integral thorax airbag, manual fore/aft adjustment and folding backrest. The backrest shell is made from plastic reinforced with glass fibre and carbon fibre with a stylish carbon-weave finish. Available in black leather with embossed Porsche Crest on the headrest, or in black flame-resistant material.

Child seats must not be used with the sports bucket seats.

Sports exhaust system (not shown)

The typical Porsche sound – powerful, robust, sporty. Better still, it can be further enhanced using this sports exhaust system. The package also includes the sports tailpipe.

Some models may require additional components. (Please see fitting and conversion instructions.)

Sports tailpipe

Distinctive stainless steel twin tailpipe with polished, nanocoat

finish. Gives a sporty look to the rear of your Boxster.

Short shifter

This short-throw mechanism provides a faster, more accurate gear-shift action and a more dynamic sportscar experience. Compatible with all gear lever options.

Fuel filler cap with Aluminium Look finish

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has

an engraved 'PORSCHE' logo and securing tether.

Lightweight battery (lithium-ion, not shown)

For the first time, Porsche is offering a lithium-ion battery designed for use on the racetrack. The key advantage of this battery is that it can be swapped easily for the conventional standard battery to deliver a weight saving of over 10 kg, and increased performance.

For Boxster Spyder only.

Sport mode retrofit package (not shown)

Can be activated at any time to provide an even sportier set-up for the engine and (in conjunction with PASM) for the chassis. If combined with PCM, the package includes memory functions for lights, wipers, air conditioning and door locks. If combined with PDK, it features the Launch Control (racing start) function and the motorsport-derived gearshift strategy.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

Interior

**When do you notice that you
have reached your destination?
As soon as you enter the car.**

What's ordinary for a Porsche?
It's never ordinary. That applies to
the Boxster as well, but you can
make it even more sporty. Just a
touch more individual on the inside
too. Using high-quality materials
ranging from macassar wood,

carbon, aluminium and Aluminium
Look finish, through to Alcantara.
Exactly as you want it. Leave your
signature on the interior. For a
lasting impression – a sporting
impression, naturally.

Interior in macassar wood

Macassar wood

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Since wood is a natural product, there may be variations in colour and grain.

Carbon

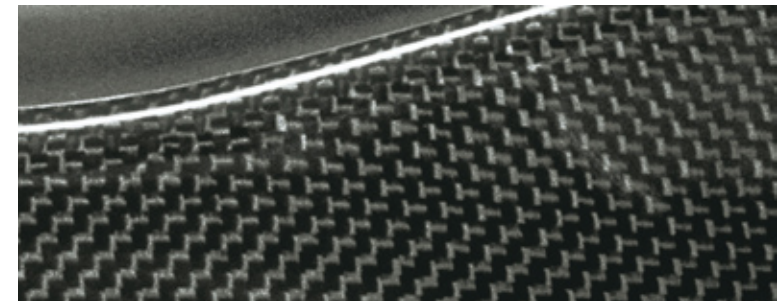

Carbon fibre is an extremely light, yet highly robust material used extensively in motorsport. Its sporty look is the ideal complement to the car's race-bred engineering.

Aluminium

Use this stylish metal or our special Aluminium Look finish to create striking interior highlights that evoke the purity of race car design.

Macassar wood

Carbon

Aluminium

Alcantara

Multifunction steering wheel rim in macassar wood

Interior package

Includes multifunction steering wheel rim (not airbag module) as well as gear lever/PDK¹ gear selector and handbrake lever. Available in macassar wood or carbon.

¹ 7-speed Porsche Doppelkupplung (PDK).

Door trim package

Includes door handle facings and door storage compartment lids. Available in macassar wood or carbon.

Dashboard trim package

Dashboard trim strips and cup-holder cover. Available in macassar wood or carbon.

PDK gear selector and handbrake lever in macassar wood

Door trim package in macassar wood

Dashboard trim package in macassar wood

Rear centre console in macassar wood

Rear centre console

Rear centre console including ashtray cover. Available in macassar wood, carbon or Alcantara.

The illustrations on pages 30 and 31 show interior trim packages in macassar wood.

SportDesign steering wheel for PDK

SportDesign steering wheel

This steering wheel adds a sporty touch and is available for vehicles with manual transmission or PDK. In conjunction with PDK, it has two gearshift paddles, the right-hand paddle shifts up and the left-hand paddle shifts down. Both versions are available in leather or Alcantara.

Padded Alcantara steering wheel

Alcantara – non-slip, robust and easy to care for. This makes it the ideal material for covering sports and multifunction steering wheels (excluding airbag module).

Gear lever/PDK gear selector and handbrake lever in Alcantara

This package emphasises the close links Porsche has with motorsport. It includes a gear lever/PDK gear selector in black Alcantara with a matching handbrake lever. A fine finishing touch: aluminium inlay with 'PORSCHE' logo.

Gear and handbrake levers in aluminium I

The package contains specially designed gear and handbrake levers in aluminium. Gear lever inlays and the upper section of the handbrake lever feature leather trim in the interior colour.

PDK gear selector and handbrake lever in aluminium

The package features a specially designed PDK gear selector and handbrake lever in aluminium. Gear selector inlays and the upper section of the handbrake lever feature leather trim in the interior colour.

Storage compartment lid with Porsche Crest (not shown)

The lid of the centre console storage compartment is finished in leather to match the interior trim and embossed with a Porsche Crest. Decorative seams complete the high-quality look.

Padded Alcantara multifunction steering wheel

Gear and handbrake levers in Alcantara

Gear and handbrake levers in aluminium I

PDK gear selector and handbrake lever in aluminium

Sports-style footrest

Sports-style footrest

Robust footrest with stainless steel surround. Matches the look of the standard pedals.

For left-hand drive vehicles only.

Door trim package with Aluminium Look finish

Evoke the purity and simplicity of race car design with these Aluminium Look door trim elements. Includes door handle facings and door storage compartment lids.

Cruise control (not shown)

Automatic speed control for the 30–240 km/h speed range. Operated using a button on the control stalk.

Rubber floor mats

Two attractive tailored floor mats. Non-slip and waterproof.

Floor mats with nubuck edging

Precision down to the last detail: made-to-measure floor mats with nubuck edging and inlay and embroidered 'PORSCHE' logo, which have a waterproof underside and are non-slip. They are secured by a special fastener system.

Door trim package with Aluminium Look finish

Rear centre console with Aluminium Look finish

Rubber floor mats

Door sill guards in carbon

Door sill guards in carbon, illuminated

Door sill guards in stainless steel

Door sill guards in stainless steel, illuminated

Door sill guards

A sporty and striking effect.

Whether you choose door sill guards in carbon or stainless steel, they provide a stylish and dramatic finishing touch. If you select illuminated door sill guards, the white illuminated model logo is a further highlight.

Available with 'Boxster' or 'Boxster S' logo.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

Universal audio interface

Audio and communication

High-tech equipment doesn't need to have just a technical role. It can be sporty as well.

The Boxster demonstrates engineering excellence. Even in the interior – thanks to intelligent communication equipment from Porsche Tequipment. This has an important role to play on the road by helping

you reach your destination quickly and safely. Sounds sporty, but looks user-friendly. That's not a contradiction, it's Porsche.

PCM including navigation module and CD/DVD autochanger

The central information and communication system with a 6.5-inch touchscreen is easy to operate.

The radio has an FM dual tuner with RDS function. The CD/DVD drive plays CDs and audio DVDs and is MP3-compatible. Audio playback of video DVDs is also supported. The GPS navigation system has a hard drive containing map data for most European countries. Other features include dynamic route calculation,

a 3D map display and automatic route recording.

Universal audio interface

For vehicles with PCM, the storage compartment in the centre console will contain three connections: one for an iPod®, one for a USB stick/MP3-player and one as an AUX interface for any chosen compatible

audio source. The iPod® or USB stick can be operated conveniently and safely via PCM, the multifunction steering wheel or the voice control system.

For vehicles with the CDR-30 audio system, the centre console storage compartment will contain an AUX interface for connecting a

compatible audio source. The volume is adjusted using the controls on the CDR-30 audio system, other functions are operated using the controls on the external audio source itself.

Porsche Vehicle Tracking System (PVTs)

Porsche Vehicle Tracking System (PVTs)

Enables remote location of a stolen vehicle in 27 European countries as well as in Russia and South Africa. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner. In addition

to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been tested using multiple simulated thefts in 27 European countries and Russia and the service has been adapted to fully meet Porsche quality requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for the Porsche Vehicle Tracking System (PVTs).

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Cordless handset for telephone module

Cordless handset for telephone module

Handset display and separate keypad for making telephone calls discreetly.

Voice control system (not shown)

Almost all of the functions of the PCM can be activated by voice control. The system recognises commands or figure sequences

irrespective of the speaker. It gives audible feedback and guides you through the functions. Without needing to 'train' the system, phone book entries can be retrieved, a radio station selected or the navigation destination entered directly by speaking whole words rather than dictating just one letter at a time.

Only in conjunction with PCM.

Navigation update (not shown)

Map update (Model Year 2011) for your navigation system.

Please consult your Porsche Centre for information on the data version of your PCM.

Electronic logbook

Telephone module

Electronic logbook¹

The optional electronic logbook enables automatic recording of mileage, route distance, date and time, starting point and destination as part of every journey. Once you have downloaded the logbooks from the PCM via Bluetooth® or the optional USB interface, you can evaluate the data on your home PC using the software supplied.

Telephone module¹

Available as an option, the GSM quadband telephone module offers convenience and excellent reception. By inserting a SIM card directly into the PCM's integral SIM card reader, calls can be made using either the hands-free facility or the optionally available cordless handset. For even more convenience, the Bluetooth® capability of a mobile phone can be used to make calls.

Mobile phone preparation¹

To enable a Bluetooth® connection for those mobile phones that only support the Handsfree Profile (HFP)², an optional hands-free facility is available. With HFP, the PCM acts merely as a hands-free system and can be used to control only the basic functions of the phone. The GSM connection is established through the aerial of the mobile phone.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

¹ Only in conjunction with PCM.

² Information on compatible mobile telephones is available from your Porsche Centre or visit www.porsche.com.

Mobile phone preparation

Transport and car care

At Porsche, the best possible performance also applies to transport and care.

The Boxster provides pure driving enjoyment which can be appreciated by even the youngest passengers up to the age of 12, thanks to the child seats from Porsche Tequipment.

The Boxster also has a generous luggage compartment capacity of approximately 280 litres – 150 litres at the front and 130 litres at the rear. Porsche Tequipment

offers a wide range of products both for transport and for car care.

Child seats

For Porsche, safety is of the utmost importance.

Unique design. Intelligent safety concept. Maximum comfort. Everything that applies to your Porsche also applies to Porsche child seats. They are stylish and ergonomically designed to provide a sporty driving experience for all ages.

Porsche child seats

Porsche child seats meet strict safety standards. Specially designed, tested and approved for Porsche cars, they provide protection and comfort to passengers up to 12 years of age. The fabrics are breathable and easy to clean with a removable and washable cover in black and grey

with a contrasting red trim. The Porsche child seats can be fixed conveniently and safely on the front passenger's seat using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Child seat preparation for front passenger's seat

Includes ISOFIX mounting points between the backrest and squab on the front passenger's seat, as well as a key-operated deactivation system for the front passenger airbag. The front passenger airbag must be deactivated if carrying a child up to 27 kg.

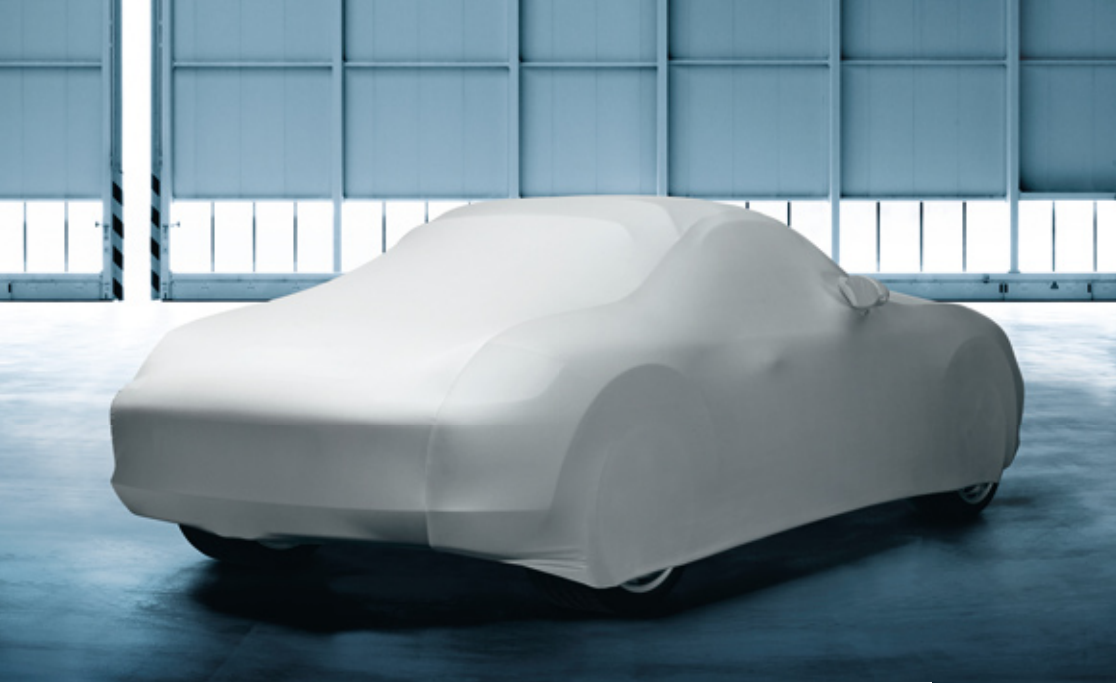

Deactivating the front passenger airbag

Child seat preparation for front passenger's seat

Child seats*	Model	Group	Weight	Age
	Porsche Baby Seat ISOFIX, G 0+	0+	up to 13 kg	up to approx. 18 months
	Porsche Junior Seat ISOFIX, G 1	1	9 to 18 kg	approx. 9 months to 4 years
	Porsche Junior Plus Seat, G 2 + G 3	2 + 3	15 to 36 kg	approx. 3½ to 12 years

*The use of a child seat on the front passenger's seat is permitted only in conjunction with child seat preparation. Child seats must not be used with the sports bucket seats.

Indoor car cover

Outdoor car cover

Cargo liners

Waterproof and easy-to-clean load-space liners offering tailored protection for the front and rear luggage compartments. The front liner has integral carry handles, making it ideal for transporting items such as shopping or sports equipment to and from the car.

Wind deflector (not shown)

Reduces wind noise and turbulence during open-top driving. Easy to fit and remove. Stores neatly in luggage compartment.

Hardtop cover

Hardtop carrier

Transport and car care

Indoor car cover

Tailored indoor car cover made from breathable, antistatic and dirt-resistant fabric. With full-colour Porsche Crest and logo.

Outdoor car cover

Tailored outdoor car cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent and

breathable, it provides excellent protection against a range of weather conditions including strong sunlight. With anti-theft protection.

Hardtop cover

Functional, tailored cover made from breathable, antistatic fabric. Offers excellent protection for your hardtop during storage.

Hardtop carrier

Robust and compact storage system for your hardtop with castor wheels enabling easy manoeuvrability. Dismantles quickly and easily for transport in car. Also available: a wall storage system for the hardtop.

Front cargo liner

Wheel cleaning kit

Wheel cleaning kit

Care products and brush set for alloy wheels. Cleaning fluid also available separately as a refill.

Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function. An adapter is available for vehicles without cigarette lighter.

Microfibre cleaning cloth

For gentle and efficient cleaning of the PCM touchscreen and other delicate surfaces in the interior of your Porsche. Contains three microfibre cloths.

Ice scraper

Practical accessory featuring aluminium telescopic handle

enabling easy removal of ice and snow from your Porsche. Integral rubber lip for removing water.

Interior care kit

Contains cleaning products and accessories, including velour cleaner, leather cleaner and glass cleaner.

Car-care case

Aluminium case containing high-quality car-care products specially approved for your Porsche. Includes shampoo, wax, glass cleaner, leather cleaner and conditioner and hood care products. All products are also available separately.

For further product information and part numbers, please refer to the Tequipment Boxster price list.

Porsche Centres

Your Porsche Centre can assist you with every aspect of purchasing and owning your Porsche. You will also find a wide range of products and services, including genuine Porsche parts and accessories.

Porsche Assistance

Enjoy peace of mind with our exclusive breakdown and accident recovery service. Membership is free when you buy a new Porsche.

Porsche Financial Services

Our innovative suite of financial services is specially tailored to the needs of Porsche owners. Products range from attractive finance and leasing options to vehicle insurance and the Porsche Card.

Porsche Exclusive

Realise your vision of the perfect Porsche with our factory customisation programme. From styling enhancements to performance upgrades, all modifications are uniquely handcrafted for your Porsche.

Tequipment Online

You've already taken delivery of your Porsche. Are you now thinking of giving it a personal touch? Our Tequipment range of accessories is also available online at www.porsche.com. Selected items can be ordered directly through the online shop.

**Porsche Design
Driver's Selection**

With products ranging from fashion and accessories to tailored luggage, this unique collection combines quality and style with everyday practicality.

Service

Porsche Used Car Programme

So that our vehicles remain reliable and retain their value, we guarantee that all our Porsche Approved cars meet the most stringent Porsche quality standards, anywhere in the world. Every car is backed by the Porsche Approved warranty.

Porsche Classic

Your specialist source for genuine Porsche parts and technical documentation as well as servicing, repair and restoration for all types of classic Porsche. Find out more at www.porsche.com/classic.

Christophorus

Our bi-monthly magazine for Porsche owners has news, interviews and a wide variety of features from throughout the world of Porsche.

Porsche Clubs

Since the first Porsche Club was founded in 1952, their number has grown to 620 with a total of 180,000 members worldwide. To find out more, call +49 (0)711 911-78307 or go to www.porsche.com.

Porsche Driving Experience

1. Porsche Travel Club. Exclusive driving holidays and incentive ideas combining luxury and adventure, worldwide. To find out more, call +49 (0)711 911-78155. E-mail: travel.club@porsche.de

2. Porsche Sport Driving School.

Develop your skill and explore your Porsche with the Porsche Sport Driving School. To learn about events at some of the world's most famous racing venues, call +49 (0)711 911-78683. E-mail: sportdrivingschool@porsche.de

Ask your Porsche Centre for the latest brochures from Porsche Exclusive, Porsche Design Driver's Selection and the Porsche Driving Experience.
