

PORSCHE

Tequipment Cayenne

Accessories for the Cayenne model range

Tequipment

Sporting or elegant?
On-road or off-road?
Aluminium or wood?
Your choice for that touch of individuality.

The Cayenne. An all-terrain vehicle that is equally adept in every driving environment. Impossible to categorise, except for the fact that it is clearly, uncompromisingly Porsche. Offering all the performance of a thoroughbred sportscar with the comfort of a four-door saloon. All it requires is your personal touch. Something individual in design and functionality. Something we call Tequipment.

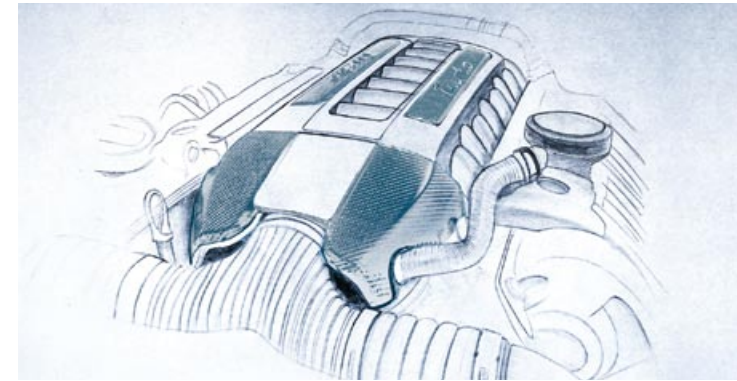

All Tequipment products are specifically designed for individual Porsche models with the overall vehicle in mind. They are devised by the same Porsche designers and engineers who originally created your Porsche. As a result, each one is both visually and technically matched to your car. This takes place at the Porsche R&D Centre in Weissach. Every product undergoes exhaustive testing to

achieve optimum performance and durability in order to meet the highest standards of Porsche quality and functionality. One of the highlights is the new Cayenne Turbo Powerkit which increases engine output from 500 hp (368 kW) to 540 hp (397 kW). This has been achieved mainly through the use of a new intake manifold and specific adjustments to the engine's electronics. However, this development was not aimed at merely increasing power output. Our focus was on something more important, as it always is at Porsche – the performance of the vehicle as a whole. This could not be achieved without paying attention to every possible detail. In other words: perfect conceptual harmony.

In developing the Powerkit, the engine characteristics, performance and torque curves were all optimised. The perfect blend of all these measures was achieved through comprehensive testing in our development centre, both on the test benches and in test drives under extreme climatic conditions. The result? Once again, we've improved the performance of the Cayenne Turbo. There's simply no substitute for it.

Whichever Tequipment products you ask your Porsche Centre to fit, you can rest assured that your warranty will remain unaffected.

You can find out more about the Porsche Tequipment range at www.porsche.com.

Service 63

Exterior: on-road

The beauty of a car with so much character: there's always more to explore.

Every Porsche is a high-performance car based on proven race engineering. This power and agility are uniquely combined with exceptional functionality in every detail.

The new Cayenne has all of these qualities – and the potential for more. With Porsche Tequipment, you can adapt and enhance the design and performance of your Cayenne.

SportDesign package

Bring additional elegance and presence to your Porsche with this stylish body kit package. Includes the following items in your chosen exterior colour: an extended bi-plane roof spoiler, side skirts and

lower sections of front and rear aprons. Aerodynamically refined in the Porsche wind tunnel, the SportDesign package appears to lower the ride height of the car.

Reduces off-road capability.

Not compatible with running boards, rockrails and/or roof spoiler with matt Aluminium Look finish.

Part no. 955 044 802 70

SportDesign package without side skirts (not compatible with roof spoiler with matt Aluminium Look finish).

Part no. 955 044 802 71

Side skirts

The side skirts featured in the SportDesign package are also offered separately. Visually, they appear to lower the car, enhancing its sporting character. Also available in all exterior colours.

Reduces off-road capability.

Not compatible with running boards or rockrails.

Part no. 955 044 802 72

Stainless steel skid plate (front)

This robust protective element in genuine stainless steel brings additional presence to the front of your Porsche. The surface finish is perfectly matched to other metal features on the car. Does not affect approach angle on gradients.

Recommended in combination with stainless steel skid plate (rear).

Part no. 955 044 802 80

Stainless steel skid plate (rear)

The matching rear skid plate brings another stylish feature to the rear of the car. Grooved for added strength.

Recommended in combination with stainless steel skid plate (front).

Part no. 955 044 802 85

Bi-Xenon headlights in black

These Bi-Xenon headlights are black on the inside for a particularly striking effect. Geometry and function are the same as for standard lights.

Only in conjunction with Bi-Xenon headlights.

LHD vehicles:
part no. 955 044 903 10
RHD vehicles:
part no. 955 044 903 11

Decorative side logo

Decorative side logos on Porsche cars are legendary. Just like the cars privileged enough to wear

them. Why should you make your vehicle go without one?

Decorative logo in selected colours: 'Cayenne', 'Cayenne S', 'Cayenne GTS', 'Cayenne turbo' and 'Cayenne turbo S'.

See separate price list for part numbers.

Exterior trim in matt Aluminium

Look finish

Create an even more distinctive and sporty look with a matt Aluminium Look finish on the standard roof spoiler, air intake grilles and exterior mirrors.

All parts available separately.

Roof spoiler in matt Aluminium Look finish not available in conjunction with SportDesign package.

See separate price list for part numbers.

Roof rails

Form and function elegantly combined. These aluminium roof rails perfectly complement the exterior of the new Cayenne. They can also be combined with a set of matching

roof bars for exterior load-carrying applications. Available with a black or matt Aluminium Look finish. For more load-carrying accessories, see page 52.

Not for vehicles with panoramic roof system.

Roof rails in black:
part no. 955 044 000 62

Roof rails in Aluminium Look matt:
part no. 955 044 000 30

Drip rails

Set of four plastic drip rails with a black or matt Aluminium Look finish. An elegant addition to any Cayenne model, particularly in combination with matching roof rails.

Not for vehicles with panoramic roof system.

Drip rails in black:
part no. 955 044 000 65

Drip rails in matt Aluminium Look finish:
part no. 955 044 000 29

Exterior: off-road

**Desert, mud, ice, snow.
Every terrain is our racetrack.**

At Porsche, we can draw on a successful tradition of high performance off-road vehicles. Some of the most important victories in our racing history were achieved in the world's toughest

rallying events. Which is why the off-road accessories from Porsche Tequipment are equally accomplished in both design and functionality.

Spare wheel cover

This practical accessory is attractively styled to match the rear of the Cayenne. Protects spare wheel against ultraviolet radiation and dirt.

Does not include Porsche logo.

Part no. 955 044 000 14

Running boards

Made from high-quality aluminium and featuring integral skid plates, these high-strength running boards provide effective sill protection in off-road terrain. They also enable

easier access to the passenger compartment and roof.

Not compatible with SportDesign package (with side skirts), rockrails or side skirts (available separately).

Part no. 955 044 802 05

Rockrails

Stylish alternative to running boards, featuring integrated skid plates. Made from robust aluminium, these rockrails offer

effective prevention of side-sill damage.

Not compatible with SportDesign package (with side skirts), running boards or side skirts (available separately).

Part no. 955 044 802 00

Engine-bay guard

For more extreme off-road applications, you can protect the drivetrain with this engine-bay

guard in black-painted steel. Compatible with the front skid plate in stainless steel (see page 8),

it does not affect the approach angle on gradients. Part no. 955 504 235 01

Mudguards

These robust rear mudguards have a specially textured surface and protect the car in muddy terrain. Specially designed to blend harmoniously with the Cayenne's exterior.

See separate price list for part numbers.

Side protectors

These colour-coded plastic elements protect the surface of

each door and add another distinctive feature to your car. Part no. 955 044 800 06

Wheel-arch extensions

Also available in your chosen exterior colour, these front and rear extensions form an integral part of the powerful exterior and enhance the presence of your Porsche.

See separate price list for part numbers.

Exterior: Transsyberia Look

Two triple victories in the Transsyberia Rally leave their mark.

And not only in the mud.

Over 28,000 Porsche race wins across six decades. A record to be proud of. Largely achieved on asphalt, but also on gravel, snow, sand and mud. At classic events such as the Monte Carlo Rally, the

East African Safari Rally or the Paris-Dakar. The latest successes: a double victory in 2006 and two triple wins in 2007/2008 in the Transsyberia Rally. The vehicle: the Cayenne.

Air intake grilles in Transsyberia Look finish

The smile of victory. Air intake grilles painted in orange.

See separate price list for part numbers.

Roof spoiler in Transsyberia Look finish

Set a contrast. This roof spoiler may be only a detail, but it pays homage to the huge success of the Cayenne in the Transsyberia Rally.

Part no. 955 559 980 02

Exterior mirrors in Transsyberia Look finish

Reminiscent of motorsport. Just like the two Porsche triple victories in one of the world's toughest rallies – part of our motorsport heritage. But a decisive part.

See separate price list for part numbers.

Wheels

Performance and design. Elegantly combined.

As the ultimate connection between car and road, your choice of wheel and tyre is one of the most important considerations on any type of vehicle. This decision is all the more important if your vehicle happens to be a Porsche.

After all, two of the key requirements on a high-performance car are exceptional traction and grip. Which is why we invest so many engineering resources in the development of wheels and tyres.

21-inch Cayenne SportPlus wheels in black with summer tyres

Imposing and unmistakable – the 21-inch Cayenne SportPlus wheel in

black with summer tyres. Made of alloy, in a single casting, the hard-wearing finish is resistant to stone chips. The rear wheels have a

concave design which enhances the already generous dimensions.

Requires wheel-arch extensions (available separately).

21-inch Cayenne SportPlus wheels in Transsyberia Look with summer tyres

You'll recognise the colour from rallying. This orange-painted alloy

wheel is the perfect complement to your Cayenne. It creates a large contact area and therefore increases traction.

Requires wheel-arch extensions (available separately).

See pages 26–29 for wheel and tyre specifications.

**21-inch Cayenne SportPlus
wheels with summer tyres**

Exclusivity and athleticism are seamlessly combined in this one-piece multi-spoke alloy wheel.

Measuring 10 inches in width at front and rear, it creates a large contact patch and therefore increases traction while reflecting the car's powerful capability.

The rear wheels have a concave design that visually enhances the already generous dimensions.

Requires wheel-arch extensions (available separately).

**21-inch Cayenne Sport
wheels with summer tyres**

Featuring five dual-arm spokes and a 10-inch width at both front and

rear, this one-piece alloy wheel has a highly dynamic, sporting design.

Requires wheel-arch extensions (available separately).

**20-inch Cayenne SportTechno
wheels with summer/winter tyres**

The powerful design of the 20-inch wheel will enhance the sporting look of your Cayenne. Featuring

concave 10J x 20 inch rims at the rear, this package is designed to improve the driving dynamics of your Cayenne.

**20-inch Cayenne SportDesign
wheels with summer tyres**

This unique 10-spoke wheel provides a near unobstructed view of the braking system when the

vehicle is stationary. When cornering, the low-profile summer tyres provide greater traction and grip.

See pages 26–29 for wheel and tyre specifications.

**19-inch Cayenne Design wheels
with summer/winter tyres**

Distinctive 10-spoke alloy wheel
with elegant lightweight design.
Combined with winter tyres, it

offers greater traction in cold
and/or wet conditions.

Also available with all-season tyres
(M+S designation).

**18-inch Cayenne Turbo II wheels
with winter tyres**

Dual-arm five-spoke design offering
added sporting style and even
greater active safety in winter

conditions. Also ideal for the
Cayenne, Cayenne Diesel and
Cayenne S.

**18-inch Cayenne S II wheels
with winter tyres**

This design blends elegant detail
with immediate visual appeal.
Fitted with winter tyres, it offers

greater control in wet or low-
temperature conditions.

**17-inch Cayenne wheels
with winter tyres**

Available exclusively with winter
tyres, the 10-spoke 17-inch
Cayenne wheel is designed to keep

you moving when the temperatures
drop. Excellent traction is, of
course, combined with typically
stylish design.

See pages 26–29 for wheel and tyre specifications.

Wheel centres (round)

Set of four circular wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for your Cayenne.

See separate price list for part numbers.

Anti-theft protection

Set of steel wheel bolts with high-security locking system.

Set of 4:
part no. 955 361 057 10

Set of 5:
part no. 955 361 057 01

Spacers

These 17 mm wheel spacers widen the track to create a more positive stance on the road.

When fitted, the outer surface of each wheel is virtually flush with the exterior of the car.

Includes wheel bolts (no anti-theft protection available).

Not compatible with the 21-inch Cayenne SportPlus wheel, the 21-inch Cayenne Sport wheel, the 20-inch Cayenne SportTechno wheel with 10J x 20 inch rim at the rear or the 18-inch Cayenne Turbo II wheel.

Not compatible with snow chains.

Part no. 955 044 600 23

Wheel centres (star)

Set of four star-shaped wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for your Cayenne.

See separate price list for part numbers.

Snow chains

Specially designed for Porsche and featuring ultra-fine links for minimal adhesion of ice and snow.

Not compatible with spacers.

On Cayenne models with 19-inch tyres, snow chains may be fitted to the rear axle only.

Snow chains (set of 2) for vehicles with 235/65 R 17 or 235/60 R 18 tyres:
part no. 955 044 600 07

Snow chains (set of 2) for vehicles with 255/55 R 18 or 255/50 R 19 tyres or with 275/45 R 19 all-season tyres:
part no. 955 044 600 08

Snow chains (set of 2) for vehicles with 275/40 R 20 tyres:
part no. 955 044 600 13

■ compatible with vehicle
– not compatible with vehicle

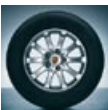

- 1 Requires wheel-arch extensions (available separately).
2 Standard on Cayenne GTS.
3 Not available for Cayenne Turbo with Powerkit engine upgrade.
4 Up to max. 240 km/h.
5 Not for Cayenne S. Up to max. 210 km/h.
6 For Cayenne Turbo S (with TPM).
7 For vehicles to 05/2008 inc.
8 Not for vehicles fitted with Porsche Ceramic Composite Brake (PCCB).
9 Standard for Cayenne Turbo S.
10 Including painted wheel centres with full-colour Porsche Crest.

The wheel centres shown are not included. If you are unable to identify the correct wheel and tyre specifications for your Porsche, please contact your Porsche Centre.

All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (NO, N1 etc.) on the sidewall. Tyres that do not carry this designation are not recommended for use on your Porsche.

Recommended use of winter tyres

Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to harden and braking distances are increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest standards of active safety from your Porsche. All winter tyres approved by Porsche are identifiable by the ‘N’ designation on the sidewall.

■ compatible with vehicle

Sport

How do you recognise sporting character? In every single detail.

It's plain to see that the Porsche Cayenne is a simply extraordinary car. Its performance capability speaks for itself – as does the powerful design.

This sporting character can be further enhanced with a choice of accessories from Porsche Tequipment.

Four-tube sports tailpipes

These twin dual-tube tailpipes, derived from the Porsche Carrera GT, are fully integrated within the rear apron structure of the Cayenne.

Not compatible with sports exhaust system.

For Cayenne, Cayenne Diesel and Cayenne S: requires rear middle section of rear apron from Cayenne Turbo (available separately).

See separate price list for part numbers.

Fuel filler cap with Aluminium Look Finish

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has an engraved Porsche logo and securing tether.

Part no. 997 201 980 00

Sports exhaust system

Every Porsche engine is instantly recognisable: powerful, distinctive, heralding performance. Better still, it can also be enhanced with this dual-mode sports exhaust system. Output is dependent on driving style, ranging from standard sound

levels during normal road driving to a more aggressive tone during performance use. Modes are selected using the standard 'Sport' button on the centre console. Includes dual-tube tailpipes in hard chrome-plated stainless steel.

Fitment of the sports exhaust system restricts off-road capability.

Only available for Cayenne S with Tiptronic S.

Not compatible with four-tube sports tailpipes.

Requires middle section of rear apron from Cayenne Turbo (available separately).

See separate price list for part numbers.

Cayenne Turbo Powerkit

Those who, like Porsche, are involved in motorsport are used to supreme power. And it's rubbing off on road vehicles. Also on our customers, who expect us to deliver nothing less than a top-class sporting performance. The result of this expectation is a focus on increasing performance that's here for the long haul. Which is always good for shaving off that hundredth of a second. Or for delivering even more driving pleasure.

The latest example of this is the Cayenne Turbo Powerkit which gives an increase of 40 hp (29 kW) to 540 hp (397 kW), satisfying the highest demands in terms of durability and performance characteristics. An increase in power output and nothing more? That just wouldn't be in the nature of Porsche. The Cayenne Turbo Powerkit also comprises a modified brake system and suspension to cope with the greater engine output (standard on vehicles from 06/2008).

In the Cayenne Turbo, the increased output is achieved by measures such as a new intake manifold and some modifications to the engine's electronics. The result is 540 hp (397 kW) at 6,000 rpm. Maximum torque is increased by 50 Nm to 750 Nm (between 2,250 and 4,500 rpm). Acceleration figures are 0 to 100 km/h (62 mph) in 4.9 seconds and the top speed is 279 km/h (173 mph). To meet the increased requirements demanded of it, the drivetrain has a modified cardan shaft.

Braking performance has also been further improved. The front axle is equipped with six-piston aluminium monobloc brake calipers and internally vented, two-piece brake discs with a diameter of 380 mm and a thickness of 38 mm (standard on vehicles from 06/2008). Huge dimensions that make it possible to control such enormous forces so adeptly. It all begs the question: what's more fun, acceleration or deceleration?

Some models may require additional components. See technical information for details.

For vehicles to 05/2008 inclusive:
part no. 955 044 100 01

For vehicles from 06/2008:
part no. 955 044 100 02

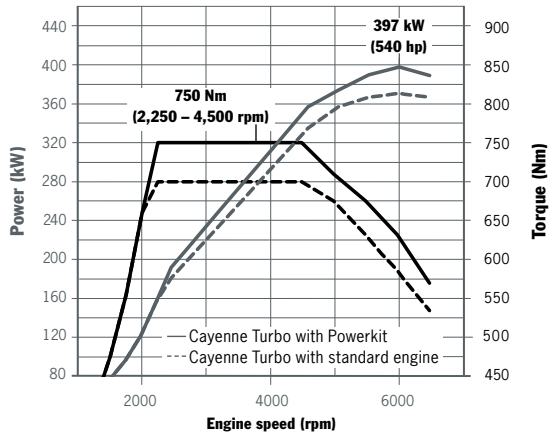

Cayenne Turbo Powerkit¹

Fuel consumption²

Urban in l/100 km (mpg)	22.5 (12.6)
Extra urban in l/100 km (mpg)	10.5 (26.9)
Combined in l/100 km (mpg)	14.9 (19.0)

CO₂ emissions in g/km 358

¹ Only available in conjunction with 19-inch Porsche wheels or larger (with requisite approval).
² Emissions were recorded in accordance with Directive 80/1268/EC on standard vehicles as valid at the time of publication. The respective figures were not recorded on individual vehicles and do not constitute part of the offer. This data is provided solely for the purpose of comparison between the respective models. For more information, please contact your Porsche Centre.

Interior

From sporting style to classic elegance. The choice is yours.

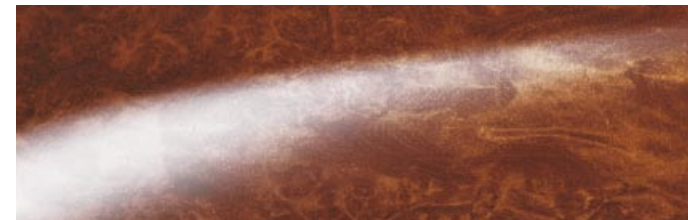

The standard Cayenne interior already provides exceptional comfort and functionality. Naturally, you can add to both of these characteristics when personalising your Porsche. To do that, you can choose from a range of trims in a selection of

quality materials. Create your own personal combination from a choice of two wood¹⁾ options, aluminium and race-derived carbon fibre. You can also add an Alcantara-trimmed steering wheel.

¹⁾ Since wood is a natural product, there may be variations in colour and grain.

Light olive (high-gloss finish)¹⁾

This exquisite ash trim with olive-look grain provides elegance and individuality.

Dark walnut (high-gloss finish)¹⁾

Use this dark wood trim to create an ambience of classic luxury.

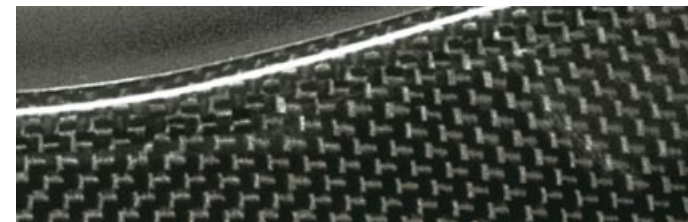

Aluminium

Create striking interior highlights with pure aluminium and our Aluminium Look paint finish.

Carbon

Carbon fibre is a light yet highly robust material used in motorsport. Its distinctive weave structure perfectly complements the technical and sporting character of the car.

Alcantara

This high-quality material is easy-care, washable and has excellent non-slip properties.

Interior base package

Make your Cayenne even more individual with a choice of elegant and sports-oriented trim. The interior base package includes the dashboard trim strip, door trim strips, centre console top panel with front cupholder cover (in black leather if ordering carbon package) and the rear centre console trim panels. The package is available in light olive (ash with olive-look grain), dark walnut and carbon. Whichever material you choose, the front and rear centre console surrounds are in aluminium.

See separate price list for part numbers.

Extended trim package

Includes centre console grab handles and front/rear door handles. Available in light olive, dark walnut and carbon.

See separate price list for part numbers.

Magnesium gear selector

A painted, die-cast magnesium gear selector in a distinctive unique design. Leather in interior colour.

Only for vehicles with Tiptronic S.

See separate price list for part numbers.

Leather seats, two-tone

Stylish, sporty and high-quality. The driver and front passenger seats and the rear bench seat, including backrest, come in a two-colour pattern. Available in the following combinations:

Black/Chestnut, Havanna/Sand Beige, Stone Grey/Steel Grey.

Not available for vehicles from 06/2008 with sports seats.

Not available for Cayenne GTS.

See separate price list for part numbers.

Steering wheel with matching trim

Combine elegant aesthetics with pleasant tactile properties, all perfectly matched to your chosen interior trim package. The multifunction steering wheel (excluding airbag module) is available with rim inlays in light olive, dark walnut and carbon.

See separate price list for part numbers.

Steering wheel with padded leather rim

With its deeper upholstery, the multifunction steering wheel with padded leather rim (excluding airbag module) provides greater comfort and grip.

See separate price list for part numbers.

Gear selector

You can also apply a matching set of trims on either side of the gear selector lever. Available in light olive, dark walnut and carbon.

Only for vehicles with Tiptronic S.

See separate price list for part numbers.

Sport aluminium package

This package features aluminium finish on the dashboard trim strip, door trim strips, front and rear

centre console surrounds and the gear lever/selector and chassis switch surrounds.

See separate price list for part numbers.

Door sill guards in stainless steel

These protective elements in genuine stainless steel create an attractive feature when entering or leaving the car. Set of four for driver and passenger doors.

Part no. 955 044 800 49

Door sill guards in stainless steel, illuminated

The white illuminated logo on these stainless steel guards creates a striking and unusual interior feature. Set of two for driver and front passenger door sills.

Part no. 955 044 800 00

Cruise control (not shown)

Automatic speed controller for the 30–240 km/h (19–149 mph) speed range. Operated using a button on the control stalk.

Part no. 955 044 903 00

Sun/privacy screens

Protect against direct sunlight and cabin overheating while providing privacy. Screens are available for all windows to the rear of the B-pillar and are attached using a simple clip-on system.

For side windows and quarter lights (set of four):
part no. 955 044 000 67

For rear window:
part no. 955 044 000 68

Rubber floor mats

Set of four tailored floor mats made from black non-slip rubber. Excellent water-trapping capacity.

Part no. 955 044 802 61

For vehicles with rotary catch, please also order fastening kit:
part no. 955 044 802 64 8B2

Floor mats with nubuck edging

Tailored floor mats with nubuck edging and Porsche logo. Non-slip waterproof backing.

LHD vehicles:
part no. 55 044 802 63 + colour code
RHD vehicles:
part no. 55 044 802 62 + colour code

For vehicles with rotary catch, please also order fastening kit:
part no. 955 044 800 64 + colour code

Reversible loadspace mat with nubuck edging

Reversible mat offering added protection for the luggage compartment. One side is finished in the interior colour, the other in non-slip rubber.

Not compatible with cargo system.

For vehicles with four-zone climate control:
part no. 955 044 800 40 + colour code

For vehicles without four-zone climate control:
part no. 955 044 800 04 + colour code

Interior: Transsyberia Look

**In the countryside,
you feel at home.
Just as you do in your Cayenne.**

The Transsyberia Rally is one of the toughest motorsport challenges in the world. Drivers and vehicles travel over 7,000 km through harsh terrain. In addition to all our

victories, we have gained tremendous experience. Experience which has inspired us to design special products for individualising your Cayenne.

Alcantara steering wheel with top centre marking in orange

In addition to its padded rim, this wheel has an orange top centre marking so you can always find the centre position. Available in conjunction with the three-spoke standard or three-spoke multifunction steering wheel.

See separate price list for part numbers.

Door sill guards in stainless steel, illuminated in Transsyberia Look

The orange illuminated logo on these stainless steel guards creates a striking and unusual interior feature.

Part no. 955 551 983 00

Alcantara steering wheel with top centre marking in aluminium colour

This wheel features a padded rim and an aluminium coloured top centre marking so that you can find the centre position quickly. Available in conjunction with the three-spoke standard or three-spoke multifunction steering wheel.

See separate price list for part numbers.

Interior package in Transsyberia Look

This interior package includes the dashboard trim strip, door trim strips, centre console top panel with front cupholder cover and the rear centre console trims painted orange. The front and rear centre console surrounds are in aluminium.

See separate price list for part numbers.

Audio and communication

On track, in touch and always entertained en route.

Our comprehensive audio and communications range has been specially adapted for the Cayenne models. With these accessories, you can turn your Porsche into

a mobile entertainment and communication centre. With navigation and data logging, music and games, every journey is a pleasure.

PCM with navigation module

Porsche Communication Management (PCM) is an audio, navigation and communication system featuring an integral CD player for audio CDs, a high-resolution 6.5-inch TFT colour display with 16:9 aspect ratio and an external navigation DVD drive. The GPS navigation system uses a dedicated antenna to establish your position before calculating the route to your destination. It can also calculate detours where necessary with the aid of TMC (Traffic Message Channel) in countries where this service is supported. A multi-function rotary control enables easy navigation through the menu system. The integral radio has twin FM tuners featuring RDS Diversity as well as 20 FM and 20 MW presets. Thanks to the external navigation drive, the internal MP3-compatible CD player can be used exclusively for audio CDs. Includes comprehensive navigation data on a single DVD.

Only for vehicles to 05/2008 inclusive.

See separate price list for part numbers.

Extended navigation module for PCM

Add-on module for PCM navigation system enabling destination input and compass/GPS-based navigation in regions not covered by your navigation DVD. Also provides a range of additional information such as altitude and map coordinates. Other functions include automatic navigation along a previously recorded route (reverse route navigation).

Only for vehicles with PCM.
Part no. 955 044 900 18

Only for vehicles to 05/2008 inclusive.

Music player interface

The music player interface is integrated into the centre console storage compartment and enables an external music player (iPod®, MP3 player etc.) to be connected via the Porsche CDR-23 audio system or PCM. Operation is via the music player.

Includes two connections: dock connector for iPod® including battery charger function and a 3.5-mm jack connector.

Part no. 955 044 902 90

Only for vehicles up to 05/2008 inclusive.

CDC-4 CD autochanger

The CDC-4 six-disc CD auto-changer installs neatly inside the right-hand side panel in the luggage compartment. Operated directly from PCM or the CDR-23 audio system.

Only for vehicles to 05/2008 inclusive.

For vehicles with BOSE® Surround Sound System:
part no. 955 044 900 12

For vehicles without BOSE® Surround Sound System:
part no. 955 044 900 04

Compass for PCM

Compass located in the instrument cluster displays the four cardinal and four ordinal directions.

The display in the Cayenne Turbo is shown.

Only for vehicles with PCM.
Part no. 955 044 900 28

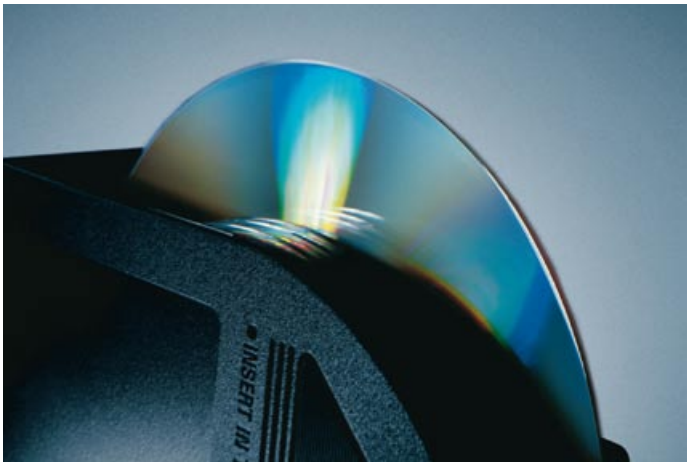

Only for vehicles to 05/2008 inclusive.

Digital TV expansion module, DVB-T (not shown)

Combined with PCM and the optional analogue TV tuner, this additional module provides digital television. Includes remote control.

Only for vehicles with TV tuner.
Part no. 955 044 902 20

Only for vehicles to 05/2008 inclusive.

Telephone module

The optional quad-band GSM telephone module is exceptionally easy to use with excellent sound quality. Just insert your SIM card directly into the SIM card reader integrated into the PCM, and make your calls using the hands-free facility or the optional cordless handset. Alternatively, you can use the Bluetooth® connection of your mobile phone via the SIM Access Profile (SAP).¹⁾

¹⁾ Bluetooth® connection is only possible with SAP-compatible phones. For information on compatible mobiles, please contact your Porsche Centre or visit www.porsche.com.

Only for vehicles with PCM.
Part no. 955 044 902 43

Only for vehicles from 06/2008.

Mobile phone preparation

To enable a Bluetooth® connection for those mobile phones that only support the Hands-Free Profile (HFP), an optional hands-free facility is available. With HFP, the PCM acts merely as a hands-free system and can be used to control only the basic functions of the phone. The GSM connection is established through the aerial of the mobile phone.

Only for vehicles with PCM.
Part no. 955 044 902 25

Only for vehicles from 06/2008.

Universal audio interface

This is integrated into the storage compartment in the centre console and provides three connections: one for an iPod®, one for a USB stick and one as an AUX interface for connecting any compatible audio source of your choice. The iPod® or USB stick can be controlled conveniently using the PCM, the multifunction steering wheel or the voice control system.

Only for vehicles with PCM.
Part no. 955 044 902 26

Only for vehicles from 06/2008.

Voice control system (not shown)

Almost all of the functions of the PCM can be activated by voice control. The system recognises commands or figure sequences irrespective of the speaker. It gives acoustic feedback and guides you through the functions. Without needing to 'train' the system, phone

book entries can be retrieved, a radio station selected or navigation destinations entered directly by speaking whole words, rather than dictating one letter at a time.

Only for vehicles with PCM.
Part no. 955 044 902 27

Only for vehicles from 06/2008.

Vehicle tracking system

Enables remote location of a stolen vehicle within all 25 countries of the European Union as well as Norway, Switzerland, Russia and South Africa – regardless of your place of residence. Covert tracking is automatically activated in the event of theft, tampering or if requested by the vehicle owner. As well as enhancing the security of your car, a tracking device can reduce your insurance premium. The system has been tested with multiple simulated thefts in

27 European countries and Russia and the service has been adapted to meet stringent Porsche quality requirements. For more information, please consult your Porsche Centre.

Only for vehicles with preparation for vehicle tracking system (factory-fitted option).

Requires separate tracking service plan (subject to charge). Ask your Porsche Centre for local service provider.

Part no. 955 044 900 35

Porsche Rear Seat Entertainment

Includes two video displays (one with integral DVD player), two wireless infrared headphones, one remote control and one DVD

storage pouch. Compatible with all standard media formats (e.g., CD, DVD and MP3). Digital anti-shock memory ensures continuous, uninterrupted play. Inputs for two individually selectable AV sources, e.g., games console, digital camera or MP3 player. Operated via controls on video display or separate remote control with additional functionality. The 7-inch TFT displays are horizontally swivel-mounted for easy adjustment and optimum visibility. Front seat headrests are

independently adjustable. Excellent sound and picture quality. Complies with usual Porsche standards of safety and ergonomics and blends harmoniously with the passenger compartment.

See separate price list for part numbers.

HomeLink® (garage door opener)

User-programmable remote control opening for up to three garage door, gate, lighting or property alarm systems. Controls integrated in roof console. Compatible with most garage-door and gate systems.

Part no. 955 044 900 26

Electronic logbook for PCM (not shown)

This electronic system is the easy way to log your journeys. All relevant information is recorded automatically, with only minimal user input required.

The logbook is operated via the standard PCM menu. Package includes data analysis software for the PC.

Only for vehicles with PCM.

Part no. 955 044 900 29

Child seats

At Porsche, safety is of the utmost importance. As any child will tell you.

Inherent within the concept of uncompromising performance is an uncompromising approach to safety. No one takes this responsibility more seriously than Porsche – especially when it comes to the youngest of passengers. With our comprehensive range of Porsche approved child seats, we offer optimum protection – and optimum comfort – for children of every age.

Porsche child Seats

Porsche child seats in a new design, meeting the latest safety standards. Specially tested and approved for Porsche cars, they provide protection and comfort for passengers up to 12 years of age. The fabrics are breathable and easy to clean with a removable and washable cover in black and grey with a contrasting red trim. The outer rear seats and front passenger seat in all Cayenne models are equipped with ISOFIX mounting points between the

backrest and squab as standard. These can be used to secure any Porsche ISOFIX child seat via simple slot-in connectors. Alternatively, all Porsche child seats can be secured as normal using the standard three-point seat belts. For extra safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Child seats	Model	Group	Weight	Age
	Porsche Baby Seat ISOFIX, G 0+ Part no. 955 044 802 86	0+	0–13 kg	0 to approx. 18 months
	Porsche Junior Seat ISOFIX, G 1 Part no. 955 044 802 92	1	9–18 kg	approx. 9 months–7 years
	Porsche Junior Plus Seat, G 2 + G 3 Part no. 955 044 802 90	2+3	15–36 kg	approx. 3½–12 years

Transport

Too many hobbies? Not any more.

The interior space in the new Cayenne models is nothing if not generous. For those occasions when you have to carry more, you'll find a comprehensive range of load-carrying accessories and

transport systems for the widest range of hobbies and interests. So as well as having the freedom to go where you choose, there's virtually no limit to what you can do when you get there.

Roof transport system

Versatile base carrier offering maximum roof load of 100 kg. Compatible with a wide range of Tequipment load-carrying attachments. Includes anti-theft security caps and locks.

Note: longer roof loads can restrict tailgate opening.

Part no. 955 044 000 72

Roof bars

Combined with the optional roof rails, these transverse bars offer a maximum roof load of 75 kg. Compatible with a wide range of Tequipment load-carrying attachments, they are easy to fit and feature anti-theft protection. For information on roof rails, see page 11.

Part no. 955 044 000 35

Loading aid

Load-carrying attachment with slide/tilt bars enabling easier loading at chest height. Compatible with a wide range of other Tequipment load-carrying attachments.

Part no. 955 044 000 04

Loading aid adapter for roof bars:
part no. 955 044 000 36

Ski/snowboard carrier

For up to four pairs of skis or two snowboards.

Part no. 955 044 000 23

For up to six pairs of skis or four snowboards.

Not compatible with loading aid.

Part no. 955 044 000 24

Bike carrier

Lockable carrier for standard adult and children's bikes up to a maximum frame-tube diameter of 85 mm. Three bike carriers can be mounted on roof transport system.

Part no. 955 044 002 66

Rear bike carrier

Mounted on the towbar, a lockable, folding aluminium rear carrier in black for up to two bikes.

Only for use with towbar.

Part no. 955 044 000 60

Rear bike carrier extension kit

Extension kit for carrying three bikes on the rear bike carrier.

Only for use with rear bike carrier.

Part no. 955 044 000 61

Boat carrier

Provides secure transportation for a range of boat types.

Not suitable for rubber dinghies.

Part no. 955 044 000 05

Roof box (narrow)

Lockable plastic roof box with 310-litre capacity and integrated ski-holder system. Can be opened from either side of vehicle. Dimensions:

L 2,260 x W 550 x H 380 mm.

Part no. 955 044 000 47

Roof box (wide)

Lockable plastic roof box with 520-litre capacity and integrated ski-holder system. Can be opened from either side of vehicle. Dimensions:

L 2,180 x W 895 x H 400 mm.

Not for vehicles with loading aid.

Part no. 955 044 002 12

Towbar systems

All Cayenne models have a maximum braked trailer load of 3,500 kg. To make the most of this generous transport capability, Porsche Tequipment has a choice of two towbar systems. Both have a noseweight of up to 140 kg and a 13-pin power socket. Neither system affects the standard wading depth.

With electrically deployable/retractable towball

At the touch of a button, the towball can be retracted beneath the rear of the car. In this position, it enables easier loading/unloading of the luggage compartment as well as easier parking manoeuvres.

Part no. 955 044 002 76

Adapter for converting from 13-pole to 7-pole power socket: part no. 955 044 000 64

With manually detachable towball (not shown)

Features easy-to-use auto-unlocking system with anti-theft protection for removing towball. When not in use, the towball can be stowed in a special niche beneath the luggage compartment floor.

Part no. 955 044 002 73

Adapter for converting from 13-pole to 7-pole power socket: part no. 955 044 000 64

Guard cage

Robust luggage retention system with full grille behind rear seats to protect forward movement under braking. Includes vertical loadspace partition with three position settings and through-load facility for skis, etc.

Not compatible with loadspace management system.

Only for vehicles without four-zone climate control.

Part no. 955 044 000 13

Cargo liner (low-sided)

Waterproof non-slip loadspace liner, specially tailored for the luggage compartment of the Cayenne. Provides effective protection against dirt and accidental damage when loading. Dirt-repellent surface enables easy cleaning.

For vehicles with four-zone climate control: part no. 955 044 000 18

For vehicles without four-zone climate control: part no. 955 044 000 17

Cargo liner (high-sided)

High-sided liner made from robust black plastic. Offers tailored protection against dirt and impact damage for luggage compartment floor and side panels. Washable, water proof and acid-resistant.

For vehicles with four-zone climate control: part no. 955 044 000 16

For vehicles without four-zone climate control: part no. 955 044 000 15

Luggage nets

Easy-to-use floor and side nets enabling secure transportation of smaller objects in the luggage compartment. Floor net is secured via integral hooks to lashing points on loadspace floor. Both nets are highly elastic, enabling variable tension adjustment.

Part no. 955 044 002 03

Loadspace partition

Pull-out loadspace partition net in detachable cassette which installs on the rear seat backrest. Two easily accessible attachment points on rooflining. Can also be used when rear seats are folded.

Part no. 955 551 691 03 34

Loadspace management system

Floor-mounted rail system with integral sliding elements for securing cargo. Includes reversible mat between rails.

Not compatible with guard cage or reversible loadspace mat.

See separate price list for part numbers.

Cool box

Easy-to-use cool box with 12-Volt power connection and 12-litre capacity for food and drinks. Secured using patented Porsche attachment system. Includes battery discharge protection.

Part no. 955 044 900 30

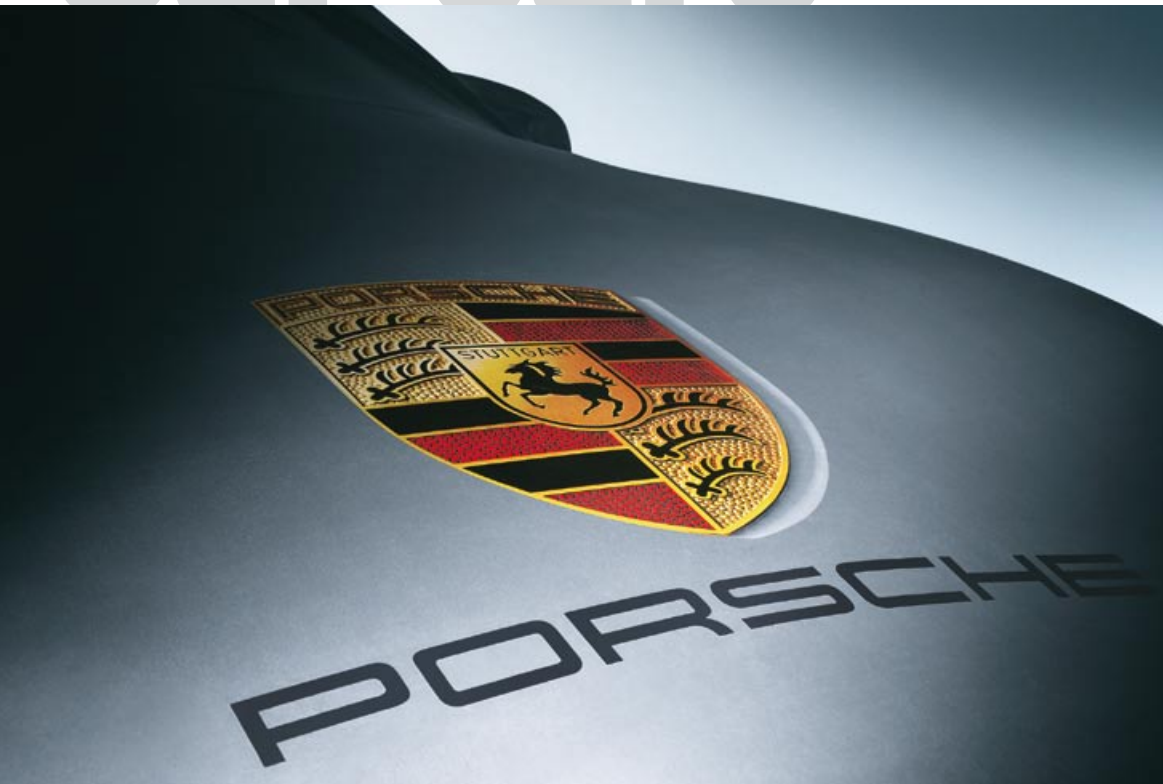

Cargo system

Space-saving collapsible cargo system with two nylon bags and attachment system. Tailored to Cayenne luggage compartment and suitable for multiple uses, e.g., shopping, business and leisure. Nylon bags can be removed for use when shopping. Includes anti-slip mat.

Part no. 955 044 000 19

Car care

**What's the secret of a lasting relationship?
A little bit of care and attention.**

Time always seems to leave its mark, but it doesn't have to be that way. With the Porsche Tequipment range of car-care products, the only trace of what may be thousands of miles will be your

memories of driving pleasure. You can also look forward to many more years of enjoyment while protecting the value of your Porsche.

Indoor car cover

Outdoor car cover

Tailored outdoor cover in silver-coloured fabric with Porsche Crest and logo. Water-repellent, it protects your car against environmental influences such as solar radiation. Includes anti-theft protection.

Part no. 955 044 000 70

Indoor car cover

Tailored indoor cover made from breathable, antistatic fabric. With full-colour Porsche Crest and logo.

Part no. 955 044 000 00

Porsche Charge-o-mat II

Battery charger with charge maintenance and monitoring function. Adapter required for vehicles without cigarette lighter.

Part no. 955 044 900 56

Adapter:
part no. 000 043 202 55

Cayenne car-care case

Aluminium case containing quality car-care products specially adapted for the Cayenne. Includes insect remover, shampoo, wax, exterior glass cleaner, interior glass cleaner, leather cleaner and velour cleaner. All products are also available separately.

Part no. 955 044 000 79

Wheel cleaning kit

Care products and brush set for alloy wheels. Cleaning fluid also available separately.

Part no. 000 044 000 86

Cleaning fluid (refill bottle):
part no. 999 901 066 40

Interior care kit

Contains cleaning products and accessories, including interior glass cleaner, velour cleaner, leather cleaner and conditioner.

Part no. 955 044 000 81

Microfibre cleaning cloth (not shown)

For gentle and efficient cleaning of the PCM touchscreen and other delicate interior surfaces. Contains three cloths.

Part no. 000 044 000 95

Porsche Financial Services

Our innovative suite of financial services is specially tailored to the needs of Porsche owners. Products range from attractive finance and leasing options to vehicle insurance and the Porsche Card.

Porsche Used Car Programme

Porsche Approved is the simple way to find the perfect pre-owned Porsche, anywhere in the world. Every car is rigorously tested and comes with a comprehensive vehicle warranty.
