Exclusive & Tequipment News

Exclusive & Tequipment News - Issue 1/2013

2013 is going to be a year full of challenges with a number of Porsche Exclusive & Tequipment highlights. It goes without saying that many options from the Porsche Exclusive & Tequipment product range will be available for personalising all new and existing models. We intend to build on our success in 2012 and exceed our targets by delivering an outstanding collective performance.

To ensure continued success in 2013, we are providing you with a Toolbox in this issue of Exclusive & Tequipment News that is intended to inspire you and give you some ideas for your market activities.

Table of contents

1. Latest additions to the Exclusive & Tequipment range

- a) Boxster/Cayman p. 3
- b) 911 p. 5
- c) Cayenne p. 10
- d) Other new additions to the Exclusive & Tequipment range p. 11

2. Exclusive & Tequipment Toolbox p. 12

Attachments

- 1) Overview sheet of Exclusive & Tequipment range
- 2) Overview of Porsche child seat product range
- 3) Wireless Internet Access – availability by country
- 4) Conditions for the Exclusive ShowCar Concept 2013

We would like to see the Exclusive ShowCar Concept go from strength to strength. That is why we are once again giving you the opportunity to use the “Most Personal Car” concept in your market.

In this issue, we will of course be informing you about new additions and changes to the Exclusive & Tequipment product range.

We will be presenting, among other things, Exclusive items that are now available for the 911 in contrasting exterior and decorative stitching colours.

As premiered in Issue 4/2012 of Exclusive & Tequipment News, we have also included the updated Tequipment product range that also covers the new Cayman.

1) Latest additions to the Exclusive & Tequipment range

a) *Boxster/Cayman*

Available: 04/2013

No.: 991 044 602 03/04/23/24

New: Interior package, painted (Order code: EET)

To date: ~~Dashboard trim, painted (Order code: XDM)~~

~~Discontinued: Dashboard trim, painted (Order code: XDM)~~ => **New: Interior package, painted (Order code: EET)**

~~Discontinued: Leather dashboard trim (Order code: XVP)~~ => **New: Leather interior package (Order code: EES)**

Continued: Interior package, painted (Order code: EER)

The "Dashboard trim, painted" (Order code: XDM) and "Leather dashboard trim" (Order code: XVP) options are discontinued for all 911 models from the end of the model year. The options are being replaced by the "Interior package, painted" (Order code: EET) and the "Leather interior package" (Order code: EES) options. As with the old options, the new options also include the dashboard trim incl. cupholder trim painted in exterior colour or covered in leather in interior colour and can only be ordered for vehicles without leather interior.

The existing "Interior package, painted" (Order code: EER) and the "Leather interior package" (Order code: EEA) options will still be available for all vehicles and will also include door panel trim, painted, or leather door panel trim.

Available: from the end of the model year
Order code: EET, EES

Please refer to **attachment 3** for an overview of countries where Wireless Internet Access is currently available.

Available: immediately

Order code: **AXZ** (Cayenne), **CXK** (Panamera)

Available: immediately

No.: 970 044 900 46

Tequipment product range

As usual, you will find the Tequipment product programme for all model lines in the EXC & TEQ News Email attachment. The Tequipment product range contains the following information:

- Part numbers
- Product designations and descriptions
- Applicable model years
- Prices
- Product group
- Market availability
- Market-specific information

The Tequipment product range is sent with the EXC TEQ News on a quarterly basis.

New Porsche Baby Seat options concept (only RoW)

The "Porsche Baby Seat Isofix, G0+" option will be divided into two components from March 2013:

"Porsche Baby Seat, G0+" (No.: 955 044 802 94 + 000 044 802 92 for 9x6)

"Porsche Baby Seat Base Isofix, G0+" (No.: 955 044 802 95)

The prices will be reduced. For further information, please refer to **attachment 2**.

The combined "Porsche Baby Seat Isofix, G0+" is available while remaining stock lasts. The price of this option will be adjusted to the price of the separate options.

Available: immediately

No.: 955 044 802 94/95

PORSCHE

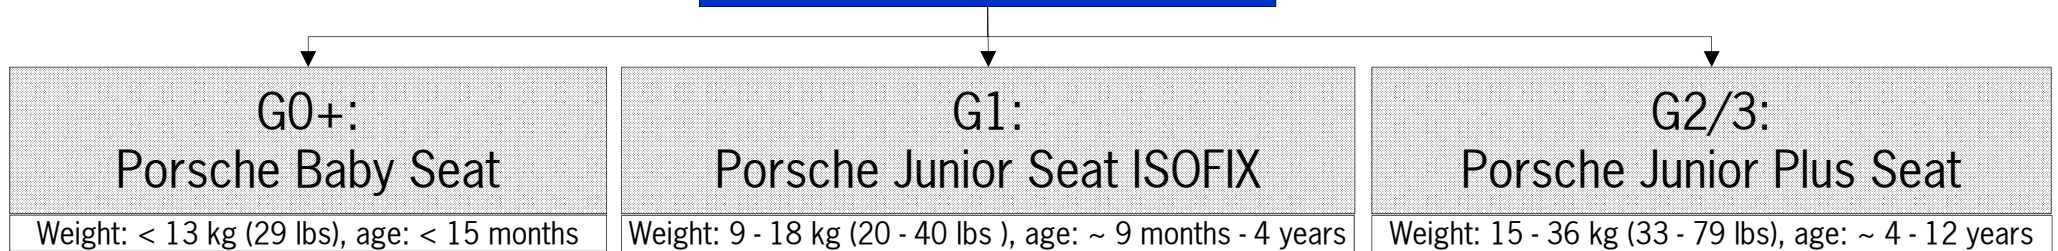

Child Seats

**Product range overview for Rest of World
(excluding USA, Canada and Australia)**

Basic structure of product range

Tequipment child seats

- 955.044.802.94
- 955.044.802.95 (Base)
- 000.044.802.92 (für 9X6)

- 955.044.802.88 (9X7, 9X1)
- 955.044.802.92 (E1, E2, G1)
- 000.044.802.88 (9X6)

- 955.044.802.90
- 955.044.802.96 (ISOFIT)
- 000.044.802.90 (9X6)

Applies to all vehicles and child seats:

If used on the passenger seat for children weighing up to 27 kg (60 lbs), the passenger airbag must be deactivated.

Not in combination with sports bucket seats.

PORSCHE

Group G0+:

Porsche Baby Seat

Porsche Baby Seat Base ISOFIX

Part numbers:

- 955.044.802.94
- 000.044.802.92 (9X6)

Age: < 15 months
Weight: < 13 kg (29 lbs)

Approval information:

For 911 only approved for use on passenger seat.

Group G1: Porsche Junior Seat ISOFIX

Without foot prop

Part numbers

- 955.044.802.88
- 000.044.802.88 (9X6)

Age: 9 months - 4 years
Weight: 9 - 18 kg (20 - 40 lbs)

With foot prop

- 955.044.802.92

- 955.044.802.86
- 000.044.802.86 (9X6)

After 03/2013

Porsche Baby Seat, G0+

Part numbers:

- 955.044.802.94
- 000.044.802.92 (9X6)

Porsche Baby Seat Base ISOFIX, G0+

Part number:

- 955.044.802.95

Installation instructions for the rear of the 911

- **Baby Seat** only has approval for the passenger seat (front)

- **Junior Seat** approved for use in rear

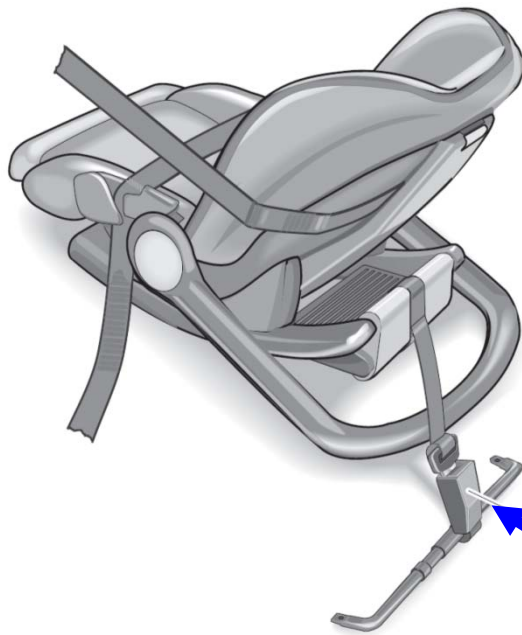

- **Junior Seat Plus (ISOFIT)** approved for use in rear

Please note: Due to the limited space in the rear of the 911, the installation may take a little time

Instructions for 9x6 models

- 9X6 vehicles have no child seat preparation (for ISOFIX)
- Therefore, child seats are only approved for 9x6 models when there is a “belt tongue” for Traverse Airbag Deactivation (part number 996.803.083.02) under the front passenger seat (see below)
- Child seats for 9x6 models are identical to seats for other vehicle models, but with an integrated belt tongue (see below)
- For the relevant part numbers, please refer to the overview on pages 2 to 4

*Traverse Airbag Deactivation
(996.803.083.02) under passenger
seat in 9X6 vehicles*

*Belt tongue for passenger airbag
deactivation in 9x6 vehicles*

Difference between ISOFIX/ISOFIT

- Function of ISOFIX/ISOFIT: Connection of child seats to the vehicle body by means of user-friendly locking arms, providing increased safety*
- Distinguished by belt system used

	ISOFIX	ISOFIT
Child seat classification	G0+, G1	G2/3 (Junior Plus Seat ISOFIT)
Belt system	Integrated belt system	Vehicle-side belt system

Child Seats

Product range overview for USA (only)

Basic structure of product range

Tequipment child seats

In the case of 9x6, 9x7 and E1 models, the following applies to all child seats:

If used on the passenger seat for children weighing up to 27 kg (60 lbs), the passenger airbag must be deactivated*

Applies to all vehicles and child seats:

Not in combination with sports bucket seats.

* Cayenne E2, Panamera and 9X1 models feature automatic passenger airbag deactivation (also see page 4)

PORSCHE

Group G0+: Porsche Baby Seat LATCH

Part numbers

- 955.044.802.87
- 000.044.802.87 (9X6)

Age: < 15 months
Weight: < 13 kg (29 lbs)

Installation note/approval:

Not approved for use in rear of 911
Approved for G1/E2/9X1 passenger seat only
with vehicle-side belt system (not LATCH)

Group G1: Porsche Junior Seat LATCH

Part numbers

- 955.044.802.89
- 000.044.802.89 (9X6)

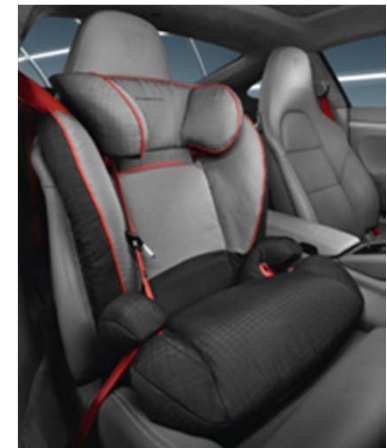

Age: 9 months - 4 years
Weight: 9 - 18 kg (20 - 40 lbs)

Top tether

Group G2/3: Porsche Junior Plus Seat

Weight: ca. 7 kg (15 lbs)

Part numbers

- 955.044.802.91
- 000.044.802.91 (9X6)

Age: 4 - 12 years
Weight: 15 - 36 kg (33 - 79 lbs)

Installation instructions

Installation in rear of 911

Please note: Due to the limited space in the rear of the 911, the installation requires skill and may take a little time.

- **Baby Seat** only has approval for the passenger seat (front)

- **Junior Seat** approved for use in rear

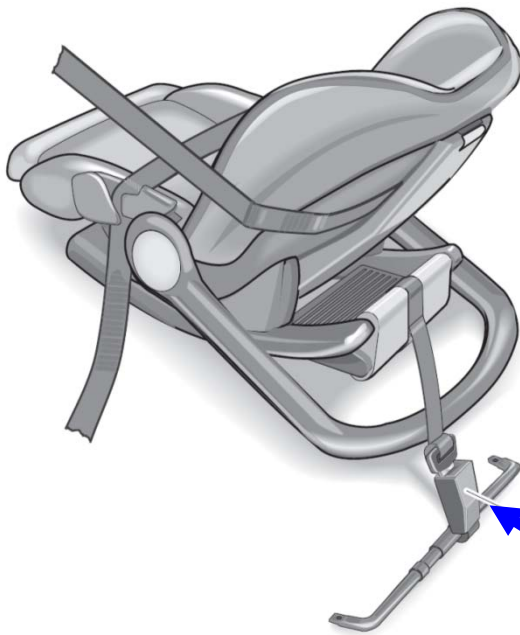

- **Junior Seat Plus** approved for use in rear

Installation on passenger seat (new models)

- No **child-seat preparation** (LATCH/ISOFIX) on passenger seat for new model lines (currently the 9x1, G1, E2). Automatic child-seat detection in these models.
- Continued approval for use with **vehicle-side belt** on passenger seat (WITHOUT LATCH).
- Continued use of LATCH system for older models with passenger airbag deactivation.

Instructions for 9x6 models

- 9X6 vehicles have no child seat preparation (for LATCH/ISOFIX)
- Therefore, child seats are only approved for 9x6 models when there is a “belt tongue” for Traverse Airbag Deactivation (part number 996.803.083.02) under the front passenger seat (see below)
- Child seats for 9x6 models are identical to seats for other vehicle models, but with an integrated belt tongue (see below)
- For the relevant part numbers, please refer to pages 2 and 3 of this overview

*Traverse Airbag Deactivation
(996.803.083.02) under passenger
seat in 9X6 vehicles*

*Belt tongue for passenger airbag
deactivation in 9x6 vehicles*

Appendix 4: Premises for the Exclusive ShowCars Concept (ESCC):

1. The Exclusive ShowCars are defined by a **minimum price threshold** (based on **export netto**) of EXC- and CT-options (no Z-Options) for each model:

Boxster/Cayman	5.000 € (export netto)
Carrera (except 911 Turbo)	8.000 € (export netto)
Cayenne	7.000 € (export netto)
Panamera	7.000 € (export netto)
2. For the order of an Exclusive ShowCar it is necessary to use a **specific CT code**:
 For Cayenne: AZZ
 For Panamera, Boxster/Cayman, Carrera: CZZ
3. The Exclusive ShowCars will be tracked by the C@P- and PIA/AM- system. Furthermore, it is necessary to fill out the attached event report of the Exclusive ShowCar Concept. Please send the filled report after the ShowCar period to Mr Michael Bossert. After receiving the filled report, the discount will be paid by PAG via the incentive budget in the end of the quarter/in the beginning of the following quarter.
4. You have to define the vehicle in your order as demo- / stock- / or showcar. If the Exclusive ShowCar is marked as a customer car, we will not concede discount for this car.
5. The Exclusive ShowCars have to be presented for at least three months at the Porsche centre, at exhibitions or at any other Porsche event. After this period of time the cars can be sold as showroom cars.
6. For all Exclusive ShowCars a **20% discount** on the value (export netto) of the selected Exclusive options is confirmed, if the showcar will reach the minimum price threshold.
7. The options "sport exhaust system" and "power kit" will not be considered for threshold.
8. The concept is limited to approximately 100 vehicles p.a. in total. So, we will follow the principle **"first come, first serve"**.

We configured at least one sample of Exclusive ShowCars per model line, in order to support you. All configurations are available at the Porsche Partner Network (PPN).
