Tequipment Cayman

Accessories for the Cayman models

Tequipment

**Following our instincts.
So you can follow yours.**

At Porsche, we've never been bound by convention. Which is what makes our cars so unique. It is also the reason for their uncompromising quality and consistently high standards of performance. Within our design philosophy, each individual model can reveal its full potential. As it does so, it retains all of the characteristics that make it so distinctively Porsche. The Cayman is the latest incarnation of this evolving genetic code. Of an automotive heritage that can also be found in the 911, Boxster and Cayenne. Naturally, this code extends beyond each model range into everything we do.

Each Tequipment product is developed, tested and adapted to the specific vehicle by the same group of Porsche designers and engineers who originally created your Porsche. Each part is compatible, not only visually, but also technically. The entire development process, from con-

cept to approval, is conducted in-house at the Porsche R&D Centre in Weissach. Comprehensive testing in the laboratory and on the test track ensures optimum performance and durability. Every product – along with its tooling and materials – meets the exacting quality standards for which Porsche is renowned.

One of the highlights is the Cayman Aerokit. It has that something extra, to make your Cayman look even more dynamic and sporty. Uncompromisingly Porsche.

It was created by the Cayman's designers. Nobody knows the vehicle better than they do. Nobody knows better where and how to refine and show the sportiness of this coupé to its best advantage.

Enhancing the Cayman's aerodynamic efficiency was the chief aim – without affecting the drag coefficient. After extensive testing in the wind tunnel, the result was the perfect balancing of the vehicle by fine adjustment of the aerodynamic wheel loads on the front and rear axles while preserving the Cayman's distinctive lines. Uncompromising.

As a result, your Cayman has even greater driving stability and agility. The logical consequence of that is that it's even more exhilarating to drive.

Unparalleled. That something extra that makes a Porsche.

Whichever Tequipment products you ask your Porsche Centre to fit, one thing remains unchanged: your original vehicle warranty.

sight – the perfect expression of a sports coupé.

Uncompromising too is the scope for your own personal modifications, if

tasteful enhancements in all the right places. The Cayman Aerokit, for example, gives a purposeful look and a more dynamic drive.

Cayman Aerokit

The Aerokit gives your Cayman an even sportier and more dynamic appearance. Its components, optimised in the Porsche wind tunnel, improve aerodynamics and reduce the lift coefficients on the front

Exterior trim package in matt Aluminium Look

This package consists of front air intake grilles (left/right), side

air intake grilles and trims for the lower section of the exterior mirror covers. The parts are painted in a matt Aluminium Look

finish and emphasise the striking lines of the Cayman.

Part no. 987 044 802 01

Front splitters in matt Aluminium Look

These Aluminium Look front splitters bring added sporting style to the front of the Cayman.

Part no. 987 044 802 02

Exterior mirror lower trim in matt Aluminium Look

Like you, we pay maximum attention to every detail. That includes the individual touches, for example, the matt Aluminium Look trims on the lower section of the exterior mirror covers.

Part no. 987 044 802 04

Red taillights

Taillights with all-red lenses, for a strikingly sporty look. Geometry and function as with standard taillights.

Part no. 987 044 900 00

Decorative side lettering

One of the first models with the decorative Porsche logo on the side was the legendary 911 Carrera RS 2.7 in 1972.

This original lettering now adorns the flanks of the 911 GT3 RS models. Why not be part of the legend?

Decorative lettering available in selected colours for the Cayman and Cayman S.

See price list for part numbers.

Wheels

**Gripping when stationary.
More so in motion.**

Whether idling at the lights or lapping on the racetrack, one thing is certain, the Cayman is a car that turns heads. The key to that appeal is one important feature – or four, to be precise. Measuring up to 19 inches in diameter, each of our wheel options is a striking addition to the exterior design.

Whichever wheel you choose, and whether you have summer or winter tyres fitted, the result is always the same: uncompromising performance – in corresponding road conditions – and stylish, distinctive design.

19-inch Carrera Sport wheels with summer tyres

Classic 10-spoke alloy design. Wide dimensions at front and rear (8.5 and 10 inches, respectively)

create a larger contact patch. As well as enhancing the car's presence on the road, this provides better traction, grip and driving dynamics. The visual effect is

further augmented by the centre spokes in GT Silver Metallic and the high-gloss polished outer rim.

19-inch Turbo wheels with summer tyres

Forged aluminium alloy wheel with lightweight five-spoke design. Distinctive two-tone finish brings additional character.

19-inch Carrera Classic wheels with summer tyres

Elegantly sculpted alloy wheel with classic Porsche five-spoke design. The large wheel openings provide a clear view of the Porsche brake system.

**19-inch SportDesign wheels
with summer tyres**

Derived from the world of Porsche motorsport, this powerful 19-inch multi-spoke wheel design has a firm place on the racetrack.

**19-inch Carrera S II wheels
with summer tyres**

The design of the 19-inch Carrera S II wheel is as sporty as it is powerful. It speaks a language which suits your Porsche completely.
Available from 02/2009 at the earliest.

**19-inch SportDesign wheels
in a black high-gloss finish
with summer tyres**

An eyecatching superior 19-inch SportDesign wheel in a black high-gloss finish, including black-painted wheel centres with full-colour Porsche Crest.

**18-inch Cayman S II wheels
with summer or winter tyres**

One-piece five-spoke alloy wheels. When fitted with winter tyres, they ensure excellent traction even in adverse weather conditions.
Available from 02/2009 at the earliest.

See pages 16 and 17 for wheel dimensions and tyre sizes.

18-inch Boxster S II wheels with summer or winter tyres

18-inch Boxster S II wheels with five closed twin spokes. Whether fitted with winter tyres for excellent traction in adverse conditions or with summer tyres, these wheels suit the Cayman perfectly.

Available from 02/2009 at the earliest.

17-inch Cayman II wheels with winter tyres

Five-spoke wheels in a new design. With winter tyres they provide excellent traction, even at low temperatures.

Available from 02/2009 at the earliest.

17-inch Boxster III wheels with winter tyres

One-piece alloy wheel with striking design comprising five dual-arm spokes. Provides excellent cold-weather traction in conjunction with winter tyres.

Available from 02/2009 at the earliest.

See table on pages 16 and 17 for wheel dimensions and tyre sizes.

Wheel centres

Set of wheel centre caps with full-colour Porsche Crest. The perfect finishing touch for any Cayman wheel.

Set of four: part no. 955 044 600 10

For 19-inch Carrera Sport wheel in GT Silver Metallic:
Set of four: part no. 997 044 600 10

For 19-inch Turbo wheel with monochrome Porsche Crest:
Set of four: part no. 997 044 600 17

For the 19-inch SportDesign Wheel in a black high-gloss finish:
Set of four: part no. 997 044 600 47

Crested valve caps

Silver-coloured valve caps with embossed Porsche Crest.

For vehicles without Tyre Pressure Monitoring:
part no. 000 044 600 00

For vehicles with Tyre Pressure Monitoring:
part no. 000 044 602 15

Anti-theft wheel protection

Set of four steel bolts with highly secure locking system.

For vehicles without spacers:
part no. 997 361 057 02

For vehicles with 5-mm spacers:
part no. 997 361 980 10

Spacers

Wheel spacers create a wider track for enhanced stability and presence on the road. When fitted, your Cayman will look even sportier, as the wheels run virtually flush with the body of the car.

Not suitable in conjunction with 19-inch Carrera Sport wheel or snow chains.

4 x 5-mm spacers including extended-length wheel bolts and anti-theft protection:
part no. 000 044 500 09

If you are unable to identify the correct wheel and tyre specifications for your Porsche, please consult your Porsche Centre.
 Note: All tyres fitted meet the Porsche specification, wheel centres not included. All tyres are designed exclusively for Porsche as indicated by the special Porsche designation (N0, N1, etc.) on the sidewall. These are the only tyres recommended by Porsche. ¹ Compatible with optional 5-mm spacers on front and rear axles to widen the track. ² Not available for Cayman S. ³ Winter tyres to a maximum of 240 km/hr (149 mph).
⁴ Available from 02/2009 at the earliest.

Note on the use of winter tyres
 Summer tyres provide optimum performance at ambient temperatures above +7 °C. Below this point, the tyre compound begins to harden and braking distances are

increased. We therefore recommend that you fit winter tyres during the colder months of the year. Only then can you enjoy the highest standards of active safety from your Cayman. All winter tyres approved by

Porsche are identified by an ‘N’ designation on the sidewall.

Snow chains
 Specially designed for Porsche models and featuring ultra-fine links for minimal adhesion of ice and snow.
 Not in conjunction with wheel spacers.
 Snow chains for tyre sizes 235/50 R 17 and 255/40 R 18:
 part no. 996 361 922 00

Sporting capability is natural in a Porsche. And expressed in every detail.

There is one characteristic that will always guarantee outstanding sports performance: total dedication. True to that principle, every Tequipment product is designed, developed and manufactured to

the same high standards as the Cayman itself. The inevitable result is even greater sporting style from what is already an uncompromising sports coupé.

Sports tailpipes

These stainless steel tailpipes with hard-chrome finish are a stylish addition to the Cayman. The classic twin-tube design

brings additional definition to the dynamically contoured rear section.

Part no. 987 111 981 00

Sports exhaust system (not shown)

The Porsche sound can be enhanced with this dual-mode sports exhaust system. The sound depends on driving style and modes selected using a button on the centre console. On vehicles with the optional Sport Chrono Package/Sport Chrono

Package Plus, the sport mode button controls this function.

Only for vehicles from Model Year 2007.

Please see the model-specific additional specifications (see technical information), where appropriate.

Part no. 987 044 200 00

Sports bucket seat

With folding backrest, integral thorax airbag and manual fore/aft adjustment. The backrest shell is made from plastic reinforced with glass fibre and carbon fibre with a stylish carbon-weave finish. Available in black leather with embossed Porsche Crest on the headrest, or in black flame-resistant material.

Child restraint systems must not be used with sports bucket seats.

See price list for part numbers.

Fuel filler cap with Aluminium Look finish

This elegant accessory is a stylish addition inspired by our racing heritage. Modelled on filler caps from historic race vehicles, it has an engraved Porsche logo and securing tether.

Part no. 997 201 980 00

Short shifter

This short-throw mechanism provides a faster, more accurate gearshift action and a more dynamic sportscar experience. Compatible with all gear lever options from Porsche Tequipment.

Note: some resistance during gearshifts may be experienced when the vehicle is started from cold.

Part no. 997 424 983 00

Interior

Surround yourself with stylish design. And a choice of exclusive materials.

The interior design of the Cayman presents a logical continuation of its exterior style. Just as taut, just as striking, and offering just as much opportunity to express the individual taste of its driver. A wide range of colours is available, along with high-quality materials ranging from macassar wood, carbon, aluminium

and Aluminium Look finish, through to Alcantara. The interior packages can be combined to create your own individual Cayman interior. All the trim packages presented here can, of course, be combined as desired. In other words, it's up to you to decide just how individual a Porsche can be.

Macassar wood

Macassar ebony is dark and distinctive with a modern, elegant look. The deep black heartwood has reddish-brown lines and a dramatic, marble-like texture.

Carbon

Carbon fibre is an extremely light, yet highly robust material used extensively in motorsport. Its distinctive look is the ideal complement to the car's race-bred engineering.

Aluminium

Use this stylish metal or our special Aluminium Look finish to create striking interior highlights that evoke the purity of racing car design.

Alcantara

This high-quality material is easy to care for, washable and has excellent non-slip properties.

Interior in carbon

Door trim package

Includes door handle facings and door storage compartment lids. Available in macassar wood or carbon.

See price list for part numbers.

Dashboard trim elements

Dashboard trim elements and cupholder covers. Available in macassar wood or carbon.

See price list for part numbers.

Interior package

Includes multifunction steering wheel rim (not airbag module) as well as gear lever/selector and handbrake lever. Available in macassar wood or carbon.

See price list for part numbers.

Rear centre console

Centre console including ashtray cover. Available in macassar wood or carbon.

See price list for part numbers.

The illustrations on pages 24 and 25 show the interior extended trim packages in carbon.

Alcantara steering wheel

Alcantara – non-slip, robust and easy to care for. This is the ideal cover material for standard, sports and multifunction steering wheels (excluding airbag module).

See price list for part numbers.

Alcantara gear lever/handbrake lever

This package emphasises Porsche's close links with motorsport. It includes a gear lever/selector in black Alcantara with a matching handbrake lever. A fine finishing touch: aluminium inlay with Porsche logo.

See price list for part numbers.

Gear/handbrake levers in aluminium I

The package contains specially designed gear and handbrake levers in aluminium. Gear lever inlays and upper section of the handbrake lever feature leather trim in the interior colour.

See price list for part numbers.

Rear centre console with Aluminium Look finish

Create a stylish highlight with this Aluminium Look finish on the centre console and ashtray cover.

See price list for part numbers.

Sun/privacy screen

Protects against direct sunlight and at the same time provides additional privacy.

Part no. 987 044 000 06

Door trim package with Aluminium Look finish

Evoke the purity and simplicity of racing car design with these Aluminium Look door trim elements. Includes door handle facings and door storage compartment lids.

Part no. 987 044 800 20

Floor mats with nubuck edging

Precision down to the last detail: made-to-measure floor mats with nubuck edging and embroidered Porsche logo, which have a water-proof backing and are non-slip. They are secured by a special fastener system.

See price list for part numbers.

Sports-style footrest

Robust footrest with stainless steel surround. Matches the look of the standard pedals.

For left-hand drive vehicles only.

Part no. 997 551 986 00

Cruise control (not shown)

Automatic speed control for the 30-240 km/h (19-149 mph) speed range. Operated using a button on the control stalk.

Part no. 997 044 903 00

Rubber floor mats

Two attractive tailored floor mats. Non-slip and waterproof.

See price list for part numbers.

Door sill guards in carbon

These carbon-fibre guards with model logo are a stylish reference to the racing origins of Porsche.

With Cayman logo:
part no. 987 551 980 04
With Cayman S logo:
part no. 987 551 980 05

Door sill guards in carbon, illuminated

A homage to Porsche motorsport. For a more striking effect, these stylish accessories incorporate a white illuminated model logo.

With Cayman logo:
part no. 987 044 800 37
With Cayman S logo:
part no. 987 044 800 38

Door sill guards in stainless steel

These stainless steel guards with model logo provide effective protection and an attractive feature when entering or leaving the car.

With Cayman logo:
part no. 987 551 980 06
With Cayman S logo:
part no. 987 551 980 07

Door sill guards in stainless steel, illuminated

A unique and striking effect. Stylish door sill guards with white illuminated model logo.

With Cayman logo:
part no. 987 044 800 28
With Cayman S logo:
part no. 987 044 800 34

Audio and communication

**Advanced technology has
always been our forte.
In every area of the car.**

At Porsche, our desire for continuous evolution has never been confined to engine or chassis. Navigation, communication and in-car entertainment are also important factors in the driving

experience. Turn your Cayman into a mobile communications centre and be informed and contactable as you find the fastest route to your destination.

PCM with satellite navigation

Porsche Communication Management (PCM) is an audio, navigation and communication system with an integral CD player for audio CDs, a high-resolution 5.8-inch colour display with 16:9 aspect ratio and an external navigation DVD drive. The GPS navigation system uses a dedicated antenna to establish your position before calculating the route to your destination. It can also calculate detours where necessary with the aid of TMC (Traffic Message Channel) in countries where this service is supported. The integral radio has twin FM tuners featuring RDS Diversity as well as 20 FM and 20 MW presets. Thanks to the external navigation drive, the internal MP3-compatible CD player can be used exclusively for audio CDs. Includes comprehensive navigation data on single DVD.

See price list for part numbers.

Extended navigation module for PCM

The extended navigation module works in conjunction with the GPS navigation system and enables navigation even in non-digitised districts. It has a compass and provides important information on wheel alignment, height data, length and width coordinates. The backtrace function can also be used to record and retrace routes driven.

Only for vehicles with PCM.

Part no. 997 044 900 18

Navigation update (not shown)

System and map update for the navigation system to Model Year 2008.

Please consult your Porsche Centre for information on the data version of your PCM.

Part no. 997 044 901 50

Electronic logbook for PCM

This electronic system is the easy way to log your journeys. All relevant information is recorded automatically, with only minimal user input required. The logbook is operated via the standard PCM menu. The package includes data analysis software for the PC. Data can be downloaded via the infrared interface on PCM.

Only for vehicles with PCM.

Part no. 955 044 900 29

Passive handset for telephone module

This passive handset enables clearer communication as well as greater privacy when making a call.

Only for vehicles with PCM and telephone module.

Part no. 997 044 900 73

Music player interface

The music player interface is integrated into the centre console storage compartment and enables an external music player (iPod®, MP3 player etc.) to be connected via the Porsche CDR-24 radio or

PCM. Operation is via the music player.

Includes two connections: dock connector for iPod® including battery charge function and a 3.5 mm jack connector.

Part no. 997 044 901 70

Vehicle tracking system

Enables remote location of a stolen vehicle in 25 countries of the European Union as well as Norway, Switzerland and Russia. Location is not continual, but occurs only in the event of an alarm. A silent alarm is automatically triggered if the car is stolen or tampered with, or after notification from the vehicle owner. In addition to the extra security offered by this system, it may also, depending on the country, reduce your insurance premium. The system has been tested using multiple simulated thefts in

27 European countries and Russia and the service has been adapted to fully meet Porsche quality requirements. Your Porsche Centre will be happy to provide you with further information.

Only for vehicles with optional factory-fitted preparation for vehicle tracking system.

A separate contract with the service provider recommended by your Porsche Centre is required, which is subject to additional charges.

Please see separate price list for part numbers.

CDC-4 CD autochanger

This compact six-disc autochanger installs neatly in a slot in the luggage compartment and is operated directly from PCM or the Porsche CDR-24 radio.

Part no. 997 044 900 72

Child Seats

For Porsche, safety is of the utmost importance. As any child will tell you.

Inherent within the concept of uncompromising performance is an uncompromising demand for safety. No one takes this responsibility more seriously than

us – especially when it comes to the youngest Porsche passengers – with the Tequipment range of child seats.

Porsche child seats

Porsche child seats in a new design, meeting the latest safety standards. Specially tested and approved for Porsche cars, to provide protection and comfort for occupants up to 12 years of age. The fabrics are breathable and easy to clean with a removable and washable cover in black and grey with a contrasting red trim.

Depending on the model, the Porsche child seats can be fixed conveniently and safely on the front passenger seat and in the rear using a preparation kit or the three-point belt system. For increased safety, the Porsche Baby and Porsche Junior Seat ISOFIX have an independent five-point belt system.

Child seat preparation for front passenger's seat

Includes ISOFIX mounting points between the backrest and squab on the front passenger's seat, as well as key-operated deactivation system for front passenger airbag. The passenger airbag must be deactivated if carrying a child up to 27 kg.

Part no. 997 044 800 13

Child seats	Model	Group	Weight	Age
	Porsche Baby Seat ISOFIX, G 0+ Part no. 955 044 802 86	0+	Up to 13 kg	Up to approx. 18 months
	Porsche Junior Seat ISOFIX, G 1 Part no. 955 044 802 88	1	9 to 18 kg	From approx. 9 months to 7 years
	Porsche Junior Plus Seat, G 2 + G 3 Part no. 955 044 802 90	2 + 3	15 to 36 kg	From approx. 3½ years to 12 years

A child's safety seat may be used on the front passenger side for children up to 27 kg. Original Porsche safety seat attachments must be fitted. Child restraint systems must not be used with sports bucket seats.

Transport

Our advice: Take everything you need to take.

Convention has never been a priority at Porsche. Just the drive to overcome it. A prime example is the Cayman with its mid-mounted engine. This unique configuration is not only good in terms of dynamics, it also leaves plenty of space for front and rear luggage

compartments. Each is ideal for everything from a trip to the shops to a more ambitious outing with luggage or sports equipment. With Porsche Tequipment, you can go further still and prepare your Cayman for a remarkably wide range of activities.

Roof transport system

Versatile base carrier offering maximum roof load of up to 60 kg. Compatible with a wide range of load-carrying attachments. Includes anti-theft security caps and locks.

Rear hatch opening may be partially reduced when carrying longer roof loads (e. g. roof box).

Part no. 987 801 105 00

Roof box

Lockable plastic roof box with 310-litre capacity and integrated ski-holder. Can be opened from either side of vehicle. Dimensions: L 2,260 x W 550 x H 380 mm.

Part no. 955 044 000 47

Ski/snowboard carrier

For up to four pairs of skis or two snowboards.

Part no. 955 044 000 23

For up to six pairs of skis or four snowboards.

Part no. 955 044 000 24

Bike carrier

Lockable carrier for standard adult bikes up to a maximum frame-tube diameter of 85 mm. Up to three bike carriers can be mounted on the roof transport system.

Part no. 955 044 002 66

Luggage partition

Easy to fit, this robust partition grille prevents luggage from

sliding forwards into the passenger compartment.

Part no. 987 044 000 07

Luggage net

Secure smaller items at the rear of the car with this handy luggage net. Attaches to four lashing

eyelets on the engine cover or in the rear luggage compartment.

Part no. 987 551 339 00

Front cargo liner

Waterproof and easy-to-clean protective liner, made from robust black plastic with Porsche logo. Offering tailored protection for the front luggage compartment, it is waterproof, washable and can be easily removed using integral handles. Ideal for transporting shopping or sports equipment to and from the car.

Part no. 997 044 000 04

Rear cargo liner

Waterproof and easy-to-clean liner, tailored specifically for the rear luggage area. Provides optimum protection against moisture and dirt.

Part no. 987 044 000 03

Accessories and car care

**Maximise your enjoyment.
Protect your investment.**

Pure sports performance and inimitable driving pleasure are by no means exclusive to summer. After all, your Porsche is a Porsche in every season of the

year. With the Porsche Tequipment range of care products, you can maximise that enjoyment – and make even more of your Cayman 365 days a year.
